Welcome from the Dean of Students & Campus Life

Dear McMurry Students,

Welcome to McMurry University!

College is an adventure. It takes a community to make this adventure a rich, vibrant, and successful learning experience for each of our students. We hope you will choose to become involved and invested in our community through your participation in all that McMurry has to offer – through participation in student involvement opportunities, like being a member of one of our Social Clubs or one of the many other clubs and organizations. Many McMurry students are scholar-athletes on one of our twenty intercollegiate athletic teams, participate in our performing arts program, or are involved commuters or residents in one of our many residential living areas. This just scratches the surface!

This handbook is designed to help you learn about your role as a member of the McMurry University community, as well as the responsibilities and opportunities therein. Please take time to review the policies and procedures contained in this handbook. These expectations will serve as a guide for you during your time here and will help all of us in our efforts to live, learn, grow, and work together. If you have any questions, please visit me in the Student Affairs Office located on the first floor of President Hall.

In fact, whether you have a question or just wish to share your ideas or concerns, the Student Affairs staff invites you to stop by and visit our offices: Campus Security (President Hall), Career Development (Old Main), Counseling Services (President Hall), Health Services (President Hall), Housing & Residence Life (Garrison Campus Center), Student Engagement (Garrison Campus Center), Student Affairs (President Hall) and University Wellness & Recreation (Hunt PE Center). As a member of our student body, you and your experiences matter to us. Please let us know if you have suggestions on how we might make McMurry an even richer learning experience for you.

Wishing you great year at McMurry,

Allen B. Withers, Ph.D.

Welcome from the McMurry Student Government President

Howdy!

As your student-body president this school year, I would like to say welcome. Whether you’re new to campus or continuing your journey, it’s exciting for y’all to get the opportunity to fall in love with this awesome campus that I’ve called home for three years. What McMurry gives you, besides a world class education, is a sense of community. This Student Handbook is your guide to this awesome community that many of us call home. In it, you’ll find how to access resources, professor offices, community guidelines, and much more.

Although a small university, McMurry offers an abundance of opportunities for you to grow as a leader, professional, and most importantly, a person. These include McMurry Student Government, Religious and Spiritual Life, academic organizations, intramurals, special interest groups, social clubs, and honor organizations. With all that is available, it is up to you to find your place and shape your experience.

No matter your background, you are welcome here. At McMurry, the rich, poor, native, and immigrant all stand on an equal foundation. McMurry is a campus that strongly emphasizes diversity and inclusion. This diversity is evident in the friendships many of us have with our classmates from around the world, like Saudi Arabia, Europe, China, El Salvador, Australia, and many other places.

Relish in the time you have here because we’re all here for a good time, but not a long time. Soon we will have to venture out to a waiting world, and the experiences of today will turn into fleeting memories of yesterday. So use all the available resources and take ownership of your experience. If there are ever any concerns or praises you would like to share, McMurry Student Government is here to help and represent you as a student.

Good luck, Welcome, and Ala Cumba,

Michael Dontae Chambers
Student-Body President 2019-2020

MISSION OF MCMURRY UNIVERSITY

Shaped by Christian principles, McMurry University challenges students to examine our complex world from multiple perspectives in preparation for lives of leadership, service, and professional success.

The University fulfills this mission by fostering a campus culture that is distinctive in the following ways:

McMurry is shaped by Christian principles.

As a United Methodist institution grounded in traditions of intellectual achievement and vital piety, McMurry nurtures and cares for students as they face the many challenges of higher education. The institution provides the support necessary to encourage students to grow as whole persons — spiritually, emotionally, morally, intellectually, socially, and physically. The McMurry community expresses its Christian principles through hospitality and gracious interactions with those who do and those who do not identify with the Christian faith. The institution encourages connections between people of varying circumstances, cultures, languages, and beliefs.

McMurry challenges students to examine our complex world from multiple perspectives.

The goal of a McMurry education is to provide the foundation for an examined, informed, and purposeful life. To that end, academic programs encourage students to build on the broader curricular experience and integrate the various disciplines’ core ideas while developing fundamental skills in communication, analysis, and reasoning. McMurry strives to create an environment in which students can examine their own and others’ perspectives to become, not simply consumers of knowledge, but sophisticated producers of knowledge connected to a global world. Such an environment better prepares women and men of all backgrounds to engage others in working toward the common good.

McMurry prepares students for lives of leadership, service, and professional success.

Through its curricular and extra-curricular opportunities, McMurry gives students practical experience in leadership and service. The institution places particular importance on servant leadership, an approach that focuses on empowering followers by encouraging and supporting the growth of others. The university develops servant leaders who seek to transform communities through listening first, emphasizing excellence and empathy, and inspiring an attitude of service. McMurry graduates have a solid basis for achievement in their religious, civic, professional, and family communities. McMurry expects its alumni to perform as servant leaders in diverse and complex environments and to use their leadership skills for the betterment of community and society.

HISTORY

McMurry University was founded in 1923 as a United Methodist institution, and is a vibrant and comprehensive center of higher education. McMurry has a national reputation for excellence and value through the achievements of its faculty, students and graduates. The University enrolls more than 1,000 students and has an average class size of 16.

Offering a diverse academic curriculum, students can choose from 45 majors in the arts, business, education and the sciences as well as our pre-professional programs in nursing, medicine, dentistry, engineering, law, pharmacy, physical therapy and others.

McMurry has 40 clubs and organizations and 20 intercollegiate sports. Students are engaged with the community and averages 24,000 hours of annual service.

McMurry is guided by our core values: Christian Faith as the foundation of life, Personal Relationships as the catalyst for life, Learning as the journey of life, Excellence as the goal of life, and Service as the measure of life.
The establishment of McMurry University began in the heart and vision of a single person, McMurry founder and first president Dr. James Winford Hunt. He had a vision of establishing a Methodist college in West Texas. He wanted it to represent academic excellence. He wanted the college to be able to prepare young men and women for lifetime work and to be whole human beings who could function effectively in society.

McMurry’s mission still reflects Dr. Hunt’s philosophy of higher education: Shaped by Christian principles, McMurry University challenges its students to examine our complex world from multiple perspectives in preparation for lives of leadership, service, and professional success.

ACADEMICS

CLASS ATTENDANCE
It is understood that attendance is part of the learning commitment, placing oneself in a class setting where effective educational communication and interaction can happen. Both faculty and students are expected to be regular and punctual in their attendance habits. Professors and students cooperate and are responsible for shaping a community at work. As part of this responsibility, attendance will be noted in some manner suitable to the size of the class, group, and type of activity. Any necessary absence occurring while a student is representing the University in some official way will be considered an authorized absence. Work missed due to such an absence is to be made up as the respective professor determines. Please refer to the McMurry Course Catalog, Faculty Handbook, or course syllabus for more specific information.

ABSENCES
The following guide will help you determine the number of unauthorized absences allowed before a professor may drop a student from the class. Each professor will determine the consequences for absenteeism in his or her class. This will be noted in the syllabus.

- 3 absences in MWF classes per semester
- 2 absences in TR classes per semester
- 1 absence in a 2 or 3 hour class that meets once a week
- 3 tardies equals one absence

ADDING OR DROPPING COURSES
A student may add a course with the permission of the advisor at any time during the first 5 days of the semester. A student may drop a course with the permission of the instructor and the advisor with the grade of W at any time through the sixth week of the semester. After the sixth week of class, a student may drop a course with the permission of the instructor and the advisor and will be assigned the grade of WP or WF. For information regarding the last date to withdraw from a class, refer to the college calendar on page 4. A course may not be dropped after that date. The process of adding or dropping a course has not been completed until the form requesting permission to add or drop a course has been returned to and processed by the Office of the Registrar.

ACADEMIC PROBATION AND SUSPENSION
The institutional requirement for graduation is a “C” (2.00 grade point average) or higher; notification of probation is a warning that a student’s grades fall below acceptable standards. If substandard performance continues, a student is then suspended from continued enrollment. At the conclusion of each fall and spring semester, every student’s performance is evaluated to determine whether probation or suspension is warranted. This performance evaluation is based on cumulative hours (the higher of attempted or earned) including transfer hours, as stipulated in the categories below.
**Academic Probation.** A student is placed on academic probation when his or her cumulative GPA falls below the minimum requirements in the table below.

<table>
<thead>
<tr>
<th>Hours</th>
<th>GPA</th>
</tr>
</thead>
<tbody>
<tr>
<td>0-32</td>
<td>1.60</td>
</tr>
<tr>
<td>33-48</td>
<td>1.80</td>
</tr>
<tr>
<td>49 and Above</td>
<td>2.00</td>
</tr>
</tbody>
</table>

**Academic Suspension.** A student on academic probation whose cumulative grade point average falls below that indicated below, will be placed on academic suspension. The third consecutive semester of grades below probation but above suspension will result in suspension.

<table>
<thead>
<tr>

Students on suspension may appeal for reinstatement to the Student Appeals Committee. Suspended students may not enroll at McMurry for a minimum of one full semester and must receive readmission approval before re-enrolling. Suspended students who are allowed to re-enroll are placed on probation for the semester in which they are readmitted.

The Application for Readmission is obtained from the Registrar’s Office and is processed through the Vice President for Academic Affairs (VPAA), Vice President for Enrollment Management, and the Vice President for Financial Affairs. The VPAA will notify the student of the action taken on the Application for Readmission. Applications for Readmission should be submitted to the Registrar at least 7 days before the beginning of the semester for which the student desires readmission.

**GRADE APPEALS**

Grade appeals involve disputed course grades. If a student disagrees with the grade received in a class, he or she has the right to appeal using a formal appeal process. Grade appeals deal with the policies, as stated on the course syllabus, by which grades were to be determined. All grade appeals must thus be confined to class policy and the assignment of grades. Concerns or complaints about faculty attitudes, ideas, or behavior should be directed to the chair of the department offering the class or to the Dean of Students. If the chair is the subject of the complaint, the student should speak with the Vice President for Academic Affairs.

The process for appealing a grade must be completed within 30 working days of the posting of the grade in question. In exceptional circumstances (e.g., an instructor being out of town or otherwise unavailable), the Associate Vice President for Academic Affairs for Academic Administration (AVPAA-AA) can extend the 30-day time limit. The process works as follows (except for graduate courses and courses taken in the Patty Hanks Shelton School of Nursing):

1. Within a week of receiving the semester grade report with the grade in question, the student should contact the instructor of the course and determine if he or she reported the grade correctly.
2. If meeting with the instructor does not resolve the dispute, the student can proceed with the complaint by discussing the issue with the chair of the department. Depending on the situation, the chair may request a follow-up meeting to include the student and instructor.
3. If meeting with the chair does not resolve the dispute, the student can appeal to the Associate Vice President for Academic Affairs for Academic Administration (AVPAA-AA). The student must submit documentation to the AVPAA-AA consisting of the following materials: (1) A written statement of the issue and chronological review of past attempts to resolve it with the instructor and department chair; and
(2) additional pertinent documentation in support of his or her argument, including a copy of the course syllabus and specific assignments or course work related to the complaint.

4. If necessary, the AVPAA-AA will seek additional information from the instructor and other relevant sources. The AVPAA-AA will deny or uphold the appeal within 10 working days of receiving the information.

5. If either the student or the instructor wishes to appeal the AVPAA-AA’s decision, a written request to that effect should be sent to the chairperson of the Student Appeals Committee within two working days. The chairperson will contact both student and instructor to set a meeting for the appeal before the committee. The chairperson will request all materials pertinent to the appeal from the AVPAA-AA, and will disseminate those materials to the members of the Student Appeals Committee at least five working days prior to the scheduled meeting.

6. At the appeal before the Student Appeals Committee, both student and instructor, in turn, will have no more than five minutes each to provide any other supporting materials or to make a statement. Both will be questioned by the members over the materials placed before them as well as over the individual statements of the student and the instructor for a period not to exceed twenty minutes. Time limits may be modified or waived by a vote of the committee membership. Then, both student and instructor will be excused and the Student Appeals Committee will vote on the matter. A simple majority vote is required either to uphold or to deny the appeal. The student, instructor, chairperson, AAVP-AA, Vice President for Academic Affairs, and Registrar (if necessary) will be notified in writing of the decision within three working days.

7. Grade appeals related to academic dishonesty (cases wherein students have been penalized by an instructor for having cheated on any assignment) fall under the same procedures as described above.

8. Grade appeals in academic programs that do not fall under the divisions of the University (e.g., developmental courses) should be handled in this order: the instructor, the program director, the AVPAA-AA, and the Student Appeals Committee.

9. Decisions of the Student Appeals Committee are final, and cannot be further appealed.

WITHDRAWAL FROM THE UNIVERSITY
STUDENT WHO MUST WITHDRAW FROM THE UNIVERSITY IS REQUIRED TO COMPLETE THE FOLLOWING STEPS:

McMurry University is interested in the whole person and thus offers opportunities for developing and celebrating one’s personal spirituality as well as the inter-connectedness we share in faith - one with another. The Chaplains of the University work with a student leadership team to provide such opportunities. Worship services are nondenominational and offer creative ways for students, administrators, staff, and faculty to gather together in the Mabee Room and Carleton Chapel in the Campus Center to celebrate their faith commitment.

**Hunt Hall, 793-6451 | Martin Hall, 793-6200**

Living on campus provides many opportunities to discover and develop friendships and talents. Residents often face challenges of personal responsibility, as they become independent adults. By residing on campus and embracing the University’s academic mission, students gain insight into differing lifestyles, cultures, and beliefs of McMurry students. This experience or life on campus is the foundation to life beyond McMurry.

All students are responsible for following the guidelines set by McMurry University concerning housing, as well as all policies and regulations listed in the *Student Handbook*, housing agreement, and *Residence Life Guidebook*. All unmarried students without 60 hours (4 Long semesters on campus), under 21 years of age who are not residing with a parent or legal guardian in Abilene or within commuting distance of 30 miles of the university are required to live in a residence hall or on-campus apartment. Additionally, all residential students must purchase a residential meal plan. Students may request exemption from this policy by contacting the Residence Life Coordinator in writing. Exceptions are very rare. Housing agreements are for the term of the agreement and any student that breaks the agreement by leaving the halls before the term of the agreement has expired, without authorization from the Dean of Students & Campus Life, will be charged the full amount of the agreement and meal plan.

Under the Fair Housing Amendments Act of 1988, McMurry University respects and welcomes the need of Emotional Support Animals (ESAs). ALL students requesting an ESA must go through the appropriate approval process in order to have their animal reside with them on campus. For information about how to obtain an ESA, please contact the Residence Life Office to learn more about our policy and approval process. Please note that it is a violation of your housing agreement to have an animal reside in your campus housing prior to approval. This violation will likely result in a fine if the animal is not approved as an ESA.

**DRUG-FREE SCHOOL AND COMMUNITIES ACT**
McMurry University strongly supports the provisions of the Drug-Free Schools and Communities Act Amendments of 1989 (Public Law 101-226). The following information is provided at least annually to all students and employees of the University under the “Drug Free Schools and Campuses” portion of the above stated law.

**Standards of Conduct.** As clearly stated in the McMurry University *Student Handbook*, the use, possession or distribution of alcohol and illegal drugs is prohibited on the McMurry University campus. The McMurry University Faculty Handbook reinforces this policy for employees.

**Legal Sanctions.** Texas legal sanctions for the unlawful possession, use, or distribution of illicit drugs and alcohol vary from class C misdemeanors with fines not to exceed $200.00 to felonies of the first degree with confinement for life.

**Federal sanctions closely parallel those of Texas.** More detailed information is available on request from the Student Affairs Office or the local police department. McMurry University will cooperate with all law enforcement agencies in the investigation of drug and alcohol abuse.
Health Risks. Health risks associated with the use of illicit drugs and the abuse of alcohol vary a great deal and are much too numerous to list here. The bottom line is the risk of death as a result of abuse. Detailed materials are available through the Student Affairs Office or the Health Services Office.

Drug and Alcohol Counseling. Counseling is available through Counseling and Career Services, Health Services, and Religious and Spiritual Life. Publications and lists of materials are available in the library for student and employee use. Referral to treatment and rehabilitation programs, as well as to other community counseling services, is available in the Counseling Services office. All requests will be kept confidential.

University Sanctions. Any student who is found responsible for violating drug policies as outlined in the Student Code of Conduct may be suspended or expelled from McMurry University. Any student athlete found responsible of violating drug policies as outlined in the Student Code of Conduct may also be subject to loss of eligibility under NCAA rules and regulations. Any employee found responsible of the same offense faces disciplinary action up to immediate termination of employment. Alcohol abuse is punishable by disciplinary action up to, and including, expulsion.

The Student Handbook, staff, and faculty handbooks outline the University’s policy on drug and alcohol abuse. A biennial review will be conducted by McMurry University to ensure the abuse program is effective and stated sanctions are consistently enforced. Changes will be implemented as needed. Questions should be directed to the Student Affairs Office.

FIREARMS AND OTHER PROHIBITED WEAPONS

All License to Carry a Handgun (LTC) holders, including students who possess an LTC, enrolled in or visiting McMurry University, may store the type of handgun for which they hold a license in locked, privately owned vehicles while parked on campus. Other than the LTC holder’s handgun storage in locked, privately owned vehicles mentioned in the previous sentence, anyone found in possession of a firearm or handgun will be subject to appropriate judicial action. The McMurry University Security will file applicable charges against anyone found on campus with a firearm or other prohibited weapon.

SEXUAL AND GENDER-BASED HARASSMENT AND INTERPERSONAL VIOLENCE POLICY
This policy applies to sexual and gender-based harassment, sexual assault, sexual exploitation, stalking, intimate partner violence, and retaliation

1. Overview
McMurry University is committed to providing a safe and non-discriminatory learning, living, and working environment for all members of the University community.

McMurry University does not discriminate on the basis of sex or gender in any of its education or employment programs and activities, and it does not tolerate discrimination or harassment on the basis of sex or gender. This policy prohibits sexual and gender-based harassment, sexual assault, sexual exploitation, stalking, intimate partner violence, and retaliation (collectively referred to in this policy as prohibited conduct). These forms of prohibited conduct are harmful to the well-being of our community and its members, the learning and working environment, and collegial relationships among our students, faculty, and staff.

All violations of prohibited conduct under this policy will result in discipline, including potential separation from the University. Some forms of prohibited conduct may also violate state and federal laws, and criminal prosecution may occur independently of any disciplinary action imposed by the University.
The University will comply with Title IX of the Education Amendments of 1972 (Title IX), which prohibits discrimination on the basis of sex in the University's programs and activities; the Jeanne Clery Disclosure of Campus Security Policy and Campus Crime Statistics Act (Clery Act), as amended by the Violence Against Women Reauthorization Act of 2013 (VAWA); Title VII of the Civil Rights Act of 1964; Chapter 21 of the Texas Labor Code; Chapter 40, Section 819 of the Texas Administrative Code; and other applicable law.

This policy sets forth the procedures that will be used to investigate and respond to reports of prohibited conduct. The University will respond to reports about prohibited conduct with measures designed to eliminate the conduct, prevent its recurrence, and remedy any adverse effects of the conduct on individuals, members of the campus community, or University-related programs or activities. In addition, the University may implement interim measures prior to the conclusion of an investigation that are designed to provide a party with continued access to University programs and activities and protect individual and campus safety.

The University will make reasonable efforts to investigate and address reports of prohibited conduct, regardless of how the information was brought to the University's attention or the extent to which the complainant wishes to participate or be involved. See Balancing Complainant Autonomy with University Responsibility to Investigate.

The University will not pursue disciplinary action against a complainant, respondent, or witness for disclosure of personal consumption of alcohol or other drugs (underage or illegal) where the disclosure is made in connection with a good faith report or investigation of prohibited conduct and the personal consumption did not place the health or safety of any other person at risk.

All McMurry students and employees have access to Confidential Resources that they may use for support and guidance regardless of whether they make a report to the University or participate in a University investigation.

Retaliation against anyone who makes a good faith report under this policy, who opposes in a reasonable manner an act believed to constitute a violation of this policy, or because they have participated in a Title IX investigation, is prohibited. Concerns or questions about retaliation should be immediately reported to the University’s Title IX Coordinator.

2. The University's Title IX Coordinator

The Title IX Coordinator coordinates the University's compliance with Title IX and related provisions of the Clery Act (as amended by VAWA). The Title IX Coordinator oversees the University's centralized response to all reports of prohibited conduct to ensure consistent implementation of this policy and compliance with federal and state law. The Title IX Coordinator and designated staff will, among other steps:

- Communicate with all members of the University community regarding applicable law and policy and provide information about how individuals may access reporting and support options.
- Review applicable University policies to ensure institutional compliance with applicable federal and state law.
- Monitor the University's administration of its own applicable policies, including record keeping, adherence to timeframes, and other procedural requirements.
- Conduct training regarding Title IX, related provisions of the Clery Act (as amended by VAWA), and prohibited conduct defined in this policy.
- Respond to any report regarding conduct that may violate this policy. In this capacity, the Title IX Coordinator shall oversee the investigation and resolution of such alleged misconduct, direct the provision of any remedial and protective measures (including oversight of the failure to abide by an interim protective measure), and monitor the administration of any request for review of the finding.
The Title IX Coordinator may delegate responsibilities under this policy to designated administrators or external professionals, who will have appropriate training and/or experience. When used in this policy, the term Title IX Coordinator may include a Deputy Title IX Coordinator or appropriate designee. The University has designated two individuals to share the Title IX Coordinator role. Title IX Coordinators’ contact information is:

Concerns related to employment or housing discrimination may also be addressed to the Texas Workforce Commission (at 888-452-2642 or www.twc.state.tx.us/programecivil-rights-program-overview). The Title IX website is: https://hr.mcm.edu/title-IX/title-IX/index.html

3. Scope of this Policy

This policy governs the conduct of McMurry University students, regardless of enrollment status; faculty; staff; and third parties (i.e., non-members of the University community, such as vendors, alumni/ae, and visitors).

Third parties are both protected by and subject to this policy. A third party may report potential policy violations committed by a member of the University community, and the University will take appropriate steps to investigate and respond to the conduct consistent with the authority granted by the University’s jurisdiction, if any, over the respondent. A third party who is accused of violating University policy may be permanently barred from the University or subject to other restrictions for failing to comply with this policy and may not be granted the full rights and processes afforded to McMurry community members through the provisions of this policy.

This policy applies to conduct that occurs:

- on campus or University property;
- in the context of any University-related or sponsored education program or activity, regardless of the location (including travel, research, or internship programs);
- by a McMurry student, regardless of location, under the McMurry Student Handbook;
- by a McMurry employee, regardless of location;
- through the use of University-owned or provided technology resources; or
- when the conduct has a nexus to the University, such as continuing adverse effects or the creation or continuation of a hostile environment on campus.

For every report, the Title IX Coordinator will review the circumstances of the reported conduct to determine whether the University has jurisdiction or disciplinary authority over the respondent or the conduct. In exercising jurisdiction over a McMurry-affiliated respondent for reported conduct that occurs off campus and that has no nexus to the University or a University-related or sponsored education program or activity, the University’s ability to investigate and impose disciplinary action may be limited by the amount of information available to the University through the exercise of reasonable diligence.
In instances where the University does not have disciplinary authority over the respondent, the University will still take reasonably-available steps to support a complainant through interim remedial measures and will assist a complainant in identifying external reporting mechanisms.

This policy uses the terms complainant, respondent, third party, and witness as follows:

- **The term complainant** refers to an individual who is reported to have experienced prohibited conduct, regardless of whether the individual makes a report or seeks disciplinary action.
- **The term respondent** refers to an individual who has been accused of prohibited conduct.
- **The term third party** refers to an individual who is not a University student, faculty member, or staff member (e.g., vendors, alumni/ae, or visitors).
- **The term witness** refers to an individual who may have information relevant to a report of prohibited conduct. A witness may be a student, an employee, or a third party.

4. **Coordination with Other Policies**

This policy addresses discrimination on the basis of sex or gender as it relates to sexual and gender-based harassment and sexual assault, and other forms of interpersonal violence defined in more detail below. Other forms of sex discrimination (not based on harassment or violence), and discrimination and harassment based on race, color, nationality or ethnic origin, sex, age, or disability are governed by the University’s Student Handbook, Faculty Handbook, and/or Employee Handbook.

In addition, the conduct of students, employees, and faculty is governed by the following:

- **Student Handbook**
  - Applies to all other forms of student misconduct (e.g., alcohol or other drug use, threats or physical abuse, possession of firearms, housing violations, etc.)
  - Overseen by the Dean of Students & Campus Life
- **McMurry Employee Handbook**
  - Set the standards of personal conduct for employees
  - Include the employee disciplinary and grievance policies
- **McMurry Faculty Handbook**
  - Sets the standards of personal conduct for faculty members
  - Includes the statement of academic freedom (See Academic Freedom and Professional Responsibility, below)
  - Outlines the grounds and procedures for dismissal of tenured and non-tenured faculty
- **Sexual Abuse and Child Molestation Prevention Policy (Employee Handbook - 922)**
  - Provides for the screening, selection, and assessment of personnel
  - Includes information about recognizing, responding to, and reporting inappropriate or suspicious behavior, suspected abuse, and minor-to-minor sexual abuse

Where conduct involves the potential violation of both this policy and another University policy, the University may choose to investigate other potential misconduct under the procedures set forth in this policy, instead of the procedures ordinarily used to address potential violations of such other University policies, provided that it does not unduly delay a prompt or equitable resolution of the report.
5. Relationships with Individuals in Authority

Under this policy sexual or romantic relationships are prohibited between:

- University employees and undergraduate students (not one’s spouse);
- University employees and students whom the employee educates, advises, coaches, supervises, or evaluates, or whom the employee has previously educated, advised, coached, supervised, or evaluated, in any way; or
- University employees and any individual whom that person supervises or evaluates in anyway.

The Human Resources Director, Vice President for Academic Affairs, and/or appropriate Cabinet members will coordinate with Title IX Coordinator in enforcing violations. Because prohibited relationships often involve a power differential, the conduct may also constitute sexual harassment or other forms of prohibited conduct under this policy.

6. Academic Freedom

The University is committed to the principles of free inquiry and expression. Vigorous discussion and debate are fundamental to this commitment, and this policy is not intended to restrict teaching methods or freedom of expression, nor will it be permitted to do so. This policy shall be interpreted and enforced in a manner consistent with the University’s Faculty Handbook – Academic Freedom and Professional Responsibility.

Offensiveness of conduct, standing alone, is not sufficient for the conduct to constitute prohibited conduct. The conduct must be sufficiently severe, persistent, and/or pervasive to interfere with an individual’s ability to participate in employment or educational programs and activities from both a subjective and objective perspective.

7. Prohibited Conduct

In determining whether reported conduct violates this policy, the University will consider the totality of the facts and circumstances involved in the incident, including the nature of the reported conduct and the context in which it occurred. Individuals of any sex or gender can commit any of the prohibited conduct defined in this policy, and it can occur between individuals of the same sex/gender or different sexes/genders. It can occur between strangers or acquaintances, as well as persons involved in intimate, sexual, dating, domestic, or familial relationships. This policy prohibits the following forms of conduct, including attempts to commit the prohibited conduct listed below:

**Sexual Assault**

The following behaviors constitute sexual assault:

**Non-Consensual Sexual Penetration:** Any act of vaginal or anal penetration, however slight, by a person’s penis, finger, other body part, or an object, or, regardless of whether penetration occurs, any oral-genital contact, without consent.

**Non-Consensual Sexual Contact:** Any intentional touching of a person’s breasts, buttocks, groin, genitals, or other intimate parts without consent. Touching may be over or under clothing and may include the respondent touching the complainant, the respondent making the complainant touch the respondent or
another person, or the respondent making the complainant touch the complainant’s own body.

**Sexual and Gender-Based Harassment**

**Sexual Harassment:** Sexual harassment is any unwelcome sexual advance, request for sexual favors, and/or other verbal or physical conduct of a sexual nature when one of the conditions outlined in (1), (2), or (3), below, is present.

**Gender-Based Harassment:** Gender-based harassment includes harassment based on gender, sexual orientation, gender identity, or gender expression, which may include acts of aggression, intimidation, or hostility, whether verbal or non-verbal, graphic, physical, or otherwise, even if the acts do not involve contact of a sexual nature, when one of the conditions outlined in (1), (2), or (3), below, is present.

1. Submission to, or rejection of, such conduct is made implicitly or explicitly a term or condition of a person’s instruction, academic standing, employment, or participation in any University program, activity, or benefit.

2. Submission to, or rejection of, such conduct by an individual is used as a basis for evaluation in making academic or personnel decisions.

3. Such conduct creates a hostile environment. A hostile environment exists when the conduct is sufficiently severe, persistent, or pervasive that it unreasonably interferes with, limits, or deprives an individual from participating in or benefiting from University-related educational, employment, campus, and/or residential experiences when viewed through both a subjective and objective standard.

A hostile environment can be created by persistent or pervasive conduct or by a single or isolated incident, if sufficiently severe. The more severe the conduct, the less need there is to show a repetitive series of incidents to prove a hostile environment, particularly if the conduct is physical. A single incident of sexual assault, for example, may be sufficiently severe to constitute a hostile environment. In contrast, the perceived offensiveness of a single verbal or written expression, standing alone, is typically not sufficient to constitute a hostile environment.

**Sexual harassment:**

- May be blatant and intentional and involve an overt action, a threat or reprisal, or may be subtle and indirect, with a coercive aspect that is unstated.
- Does NOT have to include intent to harm, be directed at a specific target, or involve repeated incidents.
- May be committed by anyone, regardless of gender, age, position, or authority. While there is often a power differential between two persons, perhaps due to differences in age, social, educational, or employment relationships, harassment can occur in any context.
- May be committed by a stranger, an acquaintance, or someone with whom the complainant has an intimate or sexual relationship.
- May be committed by or against an individual, organization, or group.
- May occur by or against an individual of any sex, gender identity, gender expression, or sexual orientation.
- May occur in the classroom, in the workplace, in residential settings, or in any other context.
- May be a one-time event or may be part of a pattern of behavior.
- May be committed in the presence of others or when the parties are alone.
- May affect the complainant and/or third parties who witness or observe harassment.

**Sexual Exploitation**
Sexual Exploitation: Any act where one person violates the sexual privacy of another or takes unjust or abusive sexual advantage of another. Sexual exploitation may include:

- surreptitiously observing another individual's nudity or sexual activity or allowing another to observe consensual sexual activity without the knowledge and consent of all parties involved;
- recording, photographing, transmitting, showing, viewing, streaming, or distributing intimate or sexual images, audio recordings, or sexual information without the knowledge and consent of all parties involved; or
- exposing one's genitals or inducing another to expose their own genitals in non-consensual circumstances.

Intimate Partner Violence

Intimate Partner Violence: Any act of violence or threatened act of violence that occurs between individuals who are involved or have been involved in a sexual, dating, spousal, domestic, or other intimate relationship. Intimate partner violence may include any form of prohibited conduct under this policy, including sexual assault, stalking, and physical abuse (as defined below).

Physical abuse consists of threatening or causing physical harm to another or engaging in other conduct that threatens or endangers the health or safety of any person. Physical abuse will be addressed under this policy if it involves sexual or gender-based harassment, intimate partner violence, or is part of a course of conduct under the stalking definition.

As used in this policy, the definition of intimate partner violence is consistent with the definitions of dating violence and domestic violence set forth in the Clery Act (as amended by VAWA). When determining whether the reported conduct meets the Clery definition, whether there has been a domestic or dating relationship will be determined by a review of its length, type, and frequency of interaction.

Stalking

Stalking: A course of conduct directed at a specific person which would cause a reasonable person (under similar circumstances and with similar identities to the complainant) to feel fear, to experience substantial emotional distress, or to fear for their safety or the safety of a third person. For purposes of this definition, “course of conduct” means two or more acts, including, but not limited to, acts in which the alleged stalker directly, indirectly, or through third parties, by any action, method, device, or means, follows, monitors, observes, surveils, threatens, or communicates to or about a person, or interferes with a person's property. These acts can include, but are not limited to, threats of harm to self, others, or property; pursuing or following; non-consensual (unwanted) communication by any means; unwanted gifts; trespassing; and surveillance or other related types of observation. Stalking also includes cyber-stalking through electronic media, like the internet, social networks, blogs, cell phones, or text messages. “Substantial emotional distress” means significant mental suffering or anguish, that may, but does not necessarily, require medical or other professional treatment or counseling.

Retaliation

Retaliation: This policy prohibits acts or words against an individual or group of individuals because they have been involved in a protected activity. Protected activity includes making a good faith report under this policy; filing an external complaint; and opposing in a reasonable manner and consistent with University policy an action reasonably believed to constitute a violation of this policy. Retaliation may also include acts or words against an individual or group of individuals because they have participated in proceedings under this policy. Retaliation can take many forms, including, but not limited to, adverse action or violence, threats, and intimidation that would discourage a reasonable person (under similar circumstances and with similar identities to the complainant) from engaging in protected activity. Actions
in response to a good faith report or response under this policy are considered retaliatory if they have a materially adverse effect on the working, academic, or University-controlled living environment of an individual or if they hinder or prevent the individual from participating in proceedings under this policy or effectively carrying out their University responsibilities. All individuals and groups of individuals are prohibited from engaging in retaliation and will be held accountable under this policy.

Concerns or questions about retaliation should be immediately reported to the University’s Title IX Coordinator.

**Complicity**

Complicity: Any act that knowingly aids, facilitates, promotes, or encourages the commission of prohibited conduct by another person.

**Prohibited Romantic and/or Sexual Conduct with Students or Supervisees**

Consensual romantic and/or sexual relationships are prohibited between a student (not one’s spouse) and any member of faculty or administrative staff who teaches, supervises, evaluates, or otherwise is in a position to exercise direct power or authority over the student. Efforts by members of the faculty or administrative staff to initiate these relationships is prohibited. In cases in doubt, advice and counsel should be sought from the Director of Human Resources, appropriate Cabinet member, and/or supervisor.

Consensual romantic and/or sexual relationships between a student (not one’s spouse) and any member of the faculty or administrative staff who is not in a position to exercise direct power of authority over that student (e.g., when the student is in a different school or department) are in general inappropriate. Any member of the faculty or administrative staff who engages in such a relationship must accept responsibility for assuring that it does not result in a conflict of interest or the perception thereof or raise other issues of professional ethics. In cases in doubt, advice, and counsel should be sought from the Director of Human Resources, appropriate Cabinet member, and/or supervisor.

**Additional Guidance Regarding Consent and Incapacitation**

The following definitions clarify key terminology as used throughout the policy.

**Consent:** Consent is the voluntary, informed, and freely given agreement, through words and/or actions, to participate in mutually agreed-upon acts. Consensual activity happens when each partner willingly and affirmatively chooses to participate.

In evaluating whether consent has been freely sought and given, the University will consider the presence of any force, threat of force, threats, or coercion; whether the complainant had the capacity to give consent; and, whether the communication (through words and/or actions) between the parties would be interpreted by a reasonable person (under similar circumstances and with similar identities) as a willingness to engage in a particular act.

Coercion is the use of an unreasonable amount of pressure to gain sexual access. Coercion is more than an effort to persuade, entice, or attract another person to engage in sexual contact. When a person makes clear that they do not wish to participate in a particular activity or communicates by words or actions a decision to stop or a decision not to go beyond a certain interaction, continued pressure can be coercive.

In evaluating whether coercion was used, the University will consider: (i) the frequency of the application of the pressure, (ii) the intensity of the pressure, (iii) the degree of isolation of the person being pressured, and (iv) the duration of the pressure.
Consent cannot be obtained through physical force or where there is a reasonable belief of the threat of physical force, when one person overcomes the physical limitations of another person, or by taking advantage of another person’s incapacitation.

Important points regarding consent include:

- Consent to one act does not constitute consent to another act.
- Consent on a prior occasion does not constitute consent on a subsequent occasion.
- Consent to an act with one person does not constitute consent to an act with any other person.
- The existence of a prior or current relationship does not, in itself, constitute consent; even in the context of a relationship, there must be mutual consent.
- Consent can be withdrawn or modified at any time, and the act must cease immediately once consent is withdrawn.
- Consent cannot be inferred from silence, passivity, or lack of resistance.

Under Texas law, individuals younger than 17 years of age are legally incapable of giving consent to sexual penetration or contact by an adult (someone 18 years of age or older) who is three or more years older than the individual.

**Incapacitation:** Incapacitation is the inability, temporarily or permanently, to give consent because the individual is mentally and/or physically helpless, either voluntarily or involuntarily, or the individual is unconscious, asleep, or otherwise unaware that the activity is occurring. In addition, an individual is incapacitated if they demonstrate that they are unaware at the time of the incident of where they are, how they got there, or why or how they became engaged in an act.

The use of alcohol or other drugs can lower inhibitions and create an atmosphere of confusion about whether consent is effectively sought and freely given. When alcohol is involved, incapacitation is a state beyond drunkenness or intoxication. When drug use is involved, incapacitation is a state beyond being under the influence or impaired by use of the drug. Alcohol and other drugs impact each individual differently and determining whether an individual is incapacitated requires an individualized assessment.

The University does not expect community members to be medical experts in assessing incapacitation. Individuals should look for the common and obvious warning signs that show that a person may be incapacitated or approaching incapacitation. A person’s level of intoxication is not always demonstrated by objective signs; however, some signs of intoxication may include clumsiness, difficulty walking, poor judgment, difficulty concentrating, slurred speech, vomiting, combativeness, or emotional volatility. A person who is incapacitated may not be able to understand some or all of the following questions: “Do you know where you are?” “Do you know how you got here?” “Do you know what is happening?” “Do you know whom you are with?”

An individual’s level of intoxication may change over a period of time based on a variety of subjective factors, including the amount of substance intake, speed of intake, body mass, and metabolism. Because the impact of alcohol and other drugs varies from person to person, the amount of alcohol and/or drugs a person consumes may not be sufficient, without other evidence, to prove that they were incapacitated under this Policy.

Another effect of alcohol consumption can be memory impairment or forgetting entire or partial events (sometimes referred to as “black-out” or “brown-out”). A person may experience this symptom while appearing to be functioning “normally,” including communicating through actions or words that seem to express an interest in engaging in sexual conduct. Whether sexual conduct with a person who is “blacked-
“out” constitutes prohibited conduct depends on the presence or absence of the observable factors indicating that a person is also incapacitated, as described above. Total or partial loss of memory alone, may not be sufficient, without other evidence, to prove that a person was incapacitated under this Policy.

In evaluating consent in cases of reported incapacitation, the University asks two questions: (1) Did the respondent know that the complainant was incapacitated? and if not, (2) Should a sober, reasonable person in a similar set of circumstances as the respondent have known that the complainant was incapacitated? If the answer to either of these questions is “yes,” the complainant could not consent; and the conduct is likely a violation of this policy.

A respondent’s voluntary intoxication is never an excuse for or a defense to prohibited conduct, and it does not diminish the responsibility to determine that the other person has given consent and has the capacity to do so.

8. Confidentiality, Privacy, and Related Reporting Responsibilities

Issues of privacy and confidentiality play important roles in this policy and may affect individuals differently. While they are closely related, the concepts of privacy and confidentiality are distinct terms that are defined below.

A. Confidentiality

Confidentiality refers to the protections provided to information disclosed in legally-protected or privileged relationships under Texas state law, including licensed professional mental health counselors, licensed medical professionals, and ordained clergy. These confidential resources can engage in confidential communications under Texas law when the information is disclosed within the scope of the provision of professional services. When an individual shares information with a confidential resource (on campus or in the community) as a confidential communication in the course of a protected relationship, the confidential resource cannot disclose the information (including information about whether an individual has received services) to any third party without the individual's written permission or unless required by ethical or legal obligations that compel the professional to reveal such information. For example, information may be disclosed when the individual gives written consent for its disclosure, there is an imminent concern that the individual will likely cause serious physical harm to self or others, or the information concerns conduct involving suspected abuse or neglect of a minor under the age of 18. A person’s medical and counseling records are privileged and confidential documents.

Confidential resources submit non-personally-identifying information about Clery-reportable crimes to Campus Security for purposes of anonymous statistical reporting under the Clery Act.

Privacy

Privacy refers to the discretion that will be exercised by the University in the course of any investigation or other processes under this policy. Information related to a report of prohibited conduct will be shared with a limited circle of University employees who need to know in order to assist in the assessment, investigation, and resolution of the report and related issues. University employees receive training in how to safeguard private information. The University will make reasonable efforts to investigate and address reports of prohibited conduct under this policy, and information may be disclosed to participants in an investigation as necessary to facilitate the thoroughness and integrity of the investigation. In all such proceedings, the University will take into consideration the privacy of the parties to the extent reasonably possible.

The privacy of student education records is governed by the Family Educational Rights and Privacy Act (FERPA). The privacy of an individual’s medical and related records generally is governed by the Health Insurance Portability and Accountability Act (HIPAA) and Title 2, Chapter 81 and Title 4, Chapter 241, Subchapter G, of the Texas Health & Safety Code, and Chapter 144 of the Texas Civil Practice and
Remedies Code, excepting health records protected by FERPA. Access to an employee’s personnel records in Texas is governed by Chapter 103 of the Texas Labor Code.

**Responsibility to Report**

It is important to understand the different responsibilities of McMurry employees. Every employee is designated as either a Confidential Resource or a Responsible Employee.

**Confidential Resource**: A Confidential Resource is any employee who is a licensed medical, clinical, or mental-health professional (e.g., physicians, nurses, physician’s assistants, psychologists, psychiatrists, professional counselors, and social workers, and those performing services under their supervision), when acting in that professional role in the provision of services to a patient; and any employee providing administrative, operational, and/or related support for such health care providers in their performance of such services. The McMurry University Chaplain is also a Confidential Resource when acting within a ministerial or pastoral role in the provision of services to a student, faculty, or staff member.

Confidential Resources will not disclose information about prohibited conduct without the individual’s permission or as set forth in Confidentiality (8. A., above). When individuals who otherwise may be Confidential Resources receive information outside of the provision of services to a patient or McMurry University Chaplain ministerial relationship, the Confidential Resource is required to share that information with the Title IX Coordinator.

**Responsible Employees**: With the exception of University employees designated as Confidential Resources, all other University employees, including faculty, instructors (including teachers of record), and staff, are required to report immediately any information they know about suspected prohibited conduct or potential violations of this policy. These individuals are referred to as Responsible Employees. Student workers who have supervisory responsibility or responsibility for the welfare of other students are also considered Responsible Employees when they learn of potential violations of this policy in the scope of their employment. Student workers who are Responsible Employees include but are not limited to Resident Assistants, Peer Leaders, Orientation Leaders, and Student Government Officers.

Responsible Employees must report all known information, including the identities of the parties, the date, time and location, and any details about the reported incident to the Title IX Coordinator. The Title IX Coordinator will share all reports alleging Clery-reportable events with the McMurry University Campus Security to ensure a coordinated institutional response. Responsible Employees may provide support and assistance to a complainant, witness, or respondent; but they cannot promise confidentiality or withhold information about prohibited conduct. Failure by a Responsible Employee to report suspected prohibited conduct in a timely manner may subject them to appropriate discipline, including removal from a position or termination of employment.

Responsible Employees are not required to report information disclosed (1) at public awareness events (e.g., “Take Back the Night,” candlelight vigils, protests, “survivor speak-outs,” or other public forums in which students may disclose prohibited conduct; or (2) during an individual’s participation as a subject in an Institutional Review Board-approved human subjects research protocol (IRB Research). The University may provide information about Title IX rights and available University and community resources and support at public awareness events, and Institutional Review Boards may, in appropriate cases, require researchers to provide such information to all subjects of IRB Research.

A complainant may choose not to make a complaint or report in their own case, even if the complainant would otherwise have reporting obligations by virtue of being a faculty member, staff member, or student worker.
Students: With the exception of student workers who are designated as Responsible Employees, all other students are encouraged to report any suspected violation of this policy.

Clery Act Reporting

Pursuant to the Clery Act, the University includes statistics about certain offenses in its annual security report and provides those statistics to the United States Department of Education in a manner that does not include any personally identifying information about individuals involved in an incident. The Clery Act also requires the University to issue timely warnings to the University community about certain crimes that have been reported and may continue to pose a serious or continuing threat to campus safety. Consistent with the Clery Act, the University withholds the names and other personally identifying information of complainants when issuing timely warnings to the University community.

9. Resources and Reporting Options

All involved parties have many options, including seeking counseling or assistance from a Confidential Resource, making a report under this policy, and/or making a report to law enforcement. The University recognizes that deciding among these options can be difficult and is an intensely personal decision. Individuals are encouraged to seek assistance and to explore all potential reporting and support options.

A. Emergency Resources and Law Enforcement

Emergency medical assistance and campus safety/law enforcement assistance are available both on and off campus. Individuals are encouraged to contact law enforcement and seek medical treatment as soon as possible following an incident that may pose a threat to safety or physical well-being or following a potential criminal offense.

**Reporting Options**

The University encourages all individuals to report prohibited conduct or a potential violation of this policy to the Title IX Coordinator, the McMurry University Campus Security, and/or to local law enforcement. A complainant has the right to report, or decline to report, potential criminal conduct to law enforcement. Upon request, the University will assist a complainant in contacting law enforcement at any time. Under limited circumstances posing a threat to health or safety of any University community member, the University may independently notify law enforcement.

An individual may make a report to the University, to law enforcement, to neither, or to both. Campus Title IX processes and law enforcement investigations operate independently of one another, although the University will coordinate information with the law enforcement as appropriate. Anyone can make a report as follows:

- Make a report to the Title IX Coordinator in person, by telephone, or by email.
- If on campus, contact the McMurry University Campus Security for assistance in filing a criminal complaint and preserving physical evidence at 325-793-4666.
- If off campus, contact local law enforcement to file a criminal complaint by calling 911.

An individual may pursue some or all of these steps at the same time (e.g., one may simultaneously pursue a Title IX report and a criminal complaint). When initiating any of the above options, an individual does not need to know whether they wish to request any particular course of action nor how to label what happened. As part of a report to the Title IX Coordinator, an individual can also request interim measures and support.

**Anonymous Reporting**

Anyone can make an anonymous report by submitting information by calling Campus Conduct Hotline 866-943-5787. Based on the nature of the information submitted, the University’s ability to respond to an anonymous report may be limited.

**Requests for Anonymity**

Once a report has been shared with the Title IX Coordinator, a complainant may also directly
request that their identity remain private (request for anonymity), that no investigation occur, or that no disciplinary action be taken. The University will carefully balance this request with the University's commitment to provide a non-discriminatory environment, and the respondent's right to have specific notice of the allegation(s) if the University were to take action that affects the respondent. In such circumstances, the Title IX Coordinator may arrange for preliminary fact-finding by an investigator to gain a better understanding of the context of the complaint or take other appropriate steps, including consulting with the University’s threat assessment team. See Balancing Complainant Autonomy with University Responsibility to Investigate.

Amnesty

The University wishes to encourage good faith reports of conduct prohibited under this policy. Therefore, the University will not pursue disciplinary action against a student enrolled at the University who makes a good faith report to the University as a complainant or a witness to an incident of prohibited conduct (including sexual and gender-based harassment, sexual assault, intimate partner violence or stalking) for a violation by the student of the University’s Student Handbook. This amnesty applies only to conduct occurring at or near the time of the incident, regardless of the location at which the incident occurred or the outcome of the investigation. This includes amnesty for disclosure of personal consumption of alcohol or other drugs (underage or illegal) which would otherwise be a violation of the Student Handbook.

The University may investigate to determine whether a report of prohibited conduct was made in good faith. A student may not receive amnesty for reporting an incident involving their own commission or assistance in the commission of prohibited conduct. A student who makes a report but is later found responsible for prohibited conduct at or near the time of the incident, is not entitled to a determination that the report was made in good faith. Granting of amnesty is final and may not be revoked. Even when amnesty is extended, the University may initiate an assessment or educational discussion or pursue other non-disciplinary options regarding alcohol or other drug use.

Timeframe for Reporting

Complainants and other reporting individuals are encouraged to report any violation of this policy as soon as possible in order to maximize the University's ability to respond promptly and effectively. There is no time limit for reporting. Reports under this policy may be made at any time without regard to how much time has elapsed since the incident(s) in question.

If the respondent is no longer a student or employee at the time of the complaint or report or if the respondent has withdrawn from classes, the University may not be able to take disciplinary action against the respondent. However, in such circumstances, the University may seek to meet its Title IX obligations by providing support for the complainant and taking steps to end the prohibited behavior, prevent its recurrence, and address its effects. The University may assist the complainant in identifying and contacting law enforcement and other external enforcement agencies.

Other Community Resources

Any individual may also access resources located in the local community. These organizations can provide crisis intervention services, counseling, medical attention, and assistance in dealing with the criminal justice system. If accessing these resources, individuals are encouraged to clarify whether the resources are confidential.

10. Interim Measures

Upon receipt of a report of prohibited conduct, the University will provide reasonable and appropriate interim
measures designed to preserve the parties’ educational experiences; protect the parties during an investigation; address safety concerns for the broader University community; maintain the integrity of the investigative and/or resolution process; and deter retaliation. These measures may be remedial (measures designed to maintain continued access to educational opportunities) or protective (involving a restrictive action against a respondent).

Interim remedial measures may include:

- Access to counseling and medical services
- Assistance in obtaining a sexual assault forensic examination
- Assistance in arranging rescheduling of exams and assignments and extensions of deadlines
- Academic support
- Assistance in requesting long-term academic accommodations through the Disability Services Coordinator if the party qualifies as an individual with a disability
- Change in the party’s class schedule, including the ability to transfer course sections or withdraw from a course
- Change in the party’s University work schedule or job assignment
- Change in the party’s campus housing
- Assistance navigating off-campus housing concerns
- Escort and other safety planning steps
- Imposition of a "no contact directive," an administrative remedy designed to curtail contact and communications between two or more individuals
- Voluntary or involuntary leave of absence
- Referral to resources that can assist in obtaining a protective order under Texas law
- Referral to resources that can assist with any financial aid, visa, or immigration concerns
- Any other remedial measure that can be used to achieve the goals of this policy.

Interim protective measures may include:

- Change in the respondent’s University work schedule or job assignment
- Respondent’s exclusion from all or part of University housing
- Respondent’s exclusion from specified activities or areas of campus
- Respondent’s prohibition from participating in student activities or representing the University in any capacity such as playing on an official team; serving in student government; performing in an official band, ensemble, or production; or participating in a recognized student organization
- Interim suspension of Respondent, including removal from University housing
- Any other protective measure that can be used to achieve the goals of this policy.

The availability of remedial and protective measures will be determined by the specific circumstances of each report, and an individualized assessment of the circumstances of each case. Making every effort to avoid depriving all parties of their education, the University will consider a number of factors in determining which measures to take, including the needs of the student or employee seeking remedial and/or protective measures; the severity or pervasiveness of the alleged conduct; whether the complainant and the respondent share the same residence hall, academic course(s), or job location(s); and whether judicial measures have been imposed (e.g., protective orders). The University will work in good faith to implement the requirements of judicially-issued protective orders and similar orders, to the extent that doing so is within its authority.

The determination of whether to impose the interim protective measure of interim suspension will be made by the Title IX Coordinator in consultation with the Vice President for Student Affairs and Intercollegiate Athletics and
members of the University’s interim measures assessment team. A respondent may be suspended on an interim basis when the University has received information that indicates the continued presence of the respondent on campus will likely have a serious effect on the physical, mental, or emotional health, safety, or well-being of another person; when physical safety is seriously threatened; or when the ability of the University to carry out its operation is threatened or impaired. The decision to impose interim suspension may be made at any point in the process. If an interim suspension is imposed, the respondent will be provided an opportunity to meet with Title IX Coordinator to review the grounds for the interim suspension and present a response as soon as practicable.

The University will provide reasonable remedial and protective measures to third parties as appropriate and available, taking into account the role of the third party and the nature of any contractual relationship with the University.

Requests for interim measures may be made by either party to the Title IX Coordinator. The Title IX Coordinator is responsible for ensuring the implementation of interim measures and coordinating the University’s response with the appropriate offices on campus. The Title IX Coordinator has the discretion to impose and/or modify any interim measure based on all available information and is available to meet with a complainant or respondent to address any concerns about the provision of interim measures. The University will maintain the privacy of any remedial and protective measures provided under this policy to the extent practicable and will promptly address any violation of interim remedial or protective measures.

All individuals are encouraged to report to the Title IX Coordinator any concerns about the failure of another to abide by any restrictions imposed through an interim measure. In the event of an immediate health or safety concern, individuals should contact 911 or x4666 (on campus) immediately. The University will take immediate action to enforce a previously-implemented measure, which may include additional interim restrictions and/or disciplinary penalties for failing to abide by a University-imposed interim protective measure. In evaluating whether a party has violated the conditions of an interim measure, the Title IX Coordinator has the authority to conduct expedited fact-gathering (with appropriate notice and the opportunity to be heard), to impose separate disciplinary action for the violation based on the facts as gathered, and/or to incorporate the failure to comply with the interim measure into the underlying investigation and charges of prohibited conduct. Even if not charged separately, information about failure to abide by an interim measure may also be considered by the Review Panel in determining an appropriate sanction.

11. Overview of Resolution Options

The University is committed to providing a prompt, thorough, equitable, and impartial resolution of all reported violations of this policy. The University uses two processes to resolve reports of prohibited conduct under this policy:

Disciplinary Resolution, which involves an investigation and adjudication, and, if appropriate, the imposition of sanctions, and Alternative Resolution, which includes informal or restorative options for resolving reports. The Title IX Coordinator will determine the appropriate resolution process after making an initial assessment of the reported information, considering the stated interests of the complainant and respondent, campus safety, and the University’s obligation to maintain an environment free from harassment and discrimination.

The processes under this policy are separate and distinct from Texas’ criminal process. Proceedings under this policy may be carried out prior to, simultaneously with, or following civil or criminal proceedings off campus. Neither a decision by law enforcement regarding prosecution nor the outcome of any criminal proceeding will be considered determinative of whether a violation of this policy has occurred.

A. Initial Assessment

After receiving a report of prohibited conduct, the Title IX Coordinator will gather information about the reported conduct and respond to any immediate health or safety concerns raised by the report. The Title
IX Coordinator will assess the complainant’s safety and well-being, offer the University’s immediate support and assistance, and assess the nature and circumstances of the report to determine whether the reported conduct raises a potential policy violation, whether the reported conduct is within the scope of this policy, and the appropriate manner of resolution under this policy. The Title IX Coordinator may consult with the University’s interim measures assessment team, threat assessment group, or other University administrators as part of the initial assessment.

As part of the initial assessment, the Title IX Coordinator will:

- assess the nature and circumstances of the report, including whether it provides the names and/or any other information that identifies the complainant, the respondent, any witness, and/or any other individual with knowledge of the reported incident;
- address immediate physical safety and emotional well-being;
- notify the complainant of their right to contact (or decline to contact) law enforcement or seek a civil protection order;
- notify the complainant of the right to seek medical treatment;
- notify the complainant of the importance of preservation of evidence;
- communicate necessary details of the report to McMurry Campus Security to enter the report into the University’s daily crime log if required by the Clery Act; the McMurry University Director of Security will assess the reported conduct and discern the need for a timely warning under the Clery Act;
- provide the complainant with written information about on- and off-campus resources; notify the complainant of the range of interim measures available, including the right to reasonable interim remedial measures regardless of whether they choose to participate in a University or law enforcement investigation;
- notify the complainant of the range of interim protective measures available if the University pursues an investigation;
- provide the complainant with an explanation of the procedural options, including Disciplinary Resolution and Alternative Resolution;
- discuss the complainant’s expressed preference for manner of resolution and any barriers to proceeding (e.g., confidentiality concerns);
- notify the complainant of the right to be accompanied at any meeting by an advisor of choice;
- assess for any pattern of conduct by the respondent;
- explain the University’s policy prohibiting retaliation, that the University will take prompt action when retaliation is reported, and how to report acts of retaliation; and
- determine age of the complainant; and if the complainant is a minor, or was a minor at the time of the alleged prohibited conduct, make the appropriate notifications under the Sexual Abuse and Child Molestation Prevention (Employee Handbook - 922).

When the Title IX Coordinator decides to initiate an investigation, impose interim protective measures, or take any other action that impacts a respondent, the Title IX Coordinator will also ensure that the respondent is notified and receives written information on available resources and options, consistent with the list outlined above, as applicable.
At the conclusion of the initial assessment, the University will proceed with one of the following options:

(1) Proceed with an investigation under the Disciplinary Resolution process. This will occur when a complainant requests an investigation and the Title IX Coordinator determines it is appropriate; when the Title IX Coordinator determines that an investigation must be pursued even when a complainant requests that no investigation be pursued; or when Alternative Resolution is not appropriate or available.

(2) Proceed with Alternative Resolution. This will always require the consent of the complainant. The consent of the respondent is also required when the form of resolution involves the respondent.

(3) If outside the scope of this policy, refer the matter to another appropriate office or department for resolution under the relevant policy.

(4) Close the report with the option to re-open it at another time if the complainant requests resolution or if the University subsequently determines there is a need to further investigate the alleged misconduct. This option could include notifying the respondent of the alleged misconduct. The level of detail shared will be at the discretion of the Title IX Coordinator. In these instances, the respondent will not be required to make a statement or accept/deny responsibility for the alleged conduct.

Balancing Complainant Autonomy with University Responsibility to Investigate

In order to protect the safety of the campus community, the Title IX Coordinator may need to proceed with an investigation even if a complainant specifically requests that the matter not be pursued. The Title IX Coordinator may also initiate an investigation of potential violations of this policy even absent a formal report or identified complainant or respondent and even if a report has been withdrawn. In such a circumstance, the Title IX Coordinator will take into account the complainant's articulated concerns, the safety of the campus community, fairness to all individuals involved, and the University's obligations under Title IX.

A complainant may request that their name or other personally-identifiable information not be shared with a respondent, that no investigation be pursued, or that no disciplinary action be taken. In these instances, before taking any further investigative steps, a member of the Title IX Coordinator will discuss any concerns with the complainant and seek to address and remedy barriers to reporting and/or participation based upon concerns about retaliation or other lack of clarity in understanding procedural options and potential outcomes.

In reaching a determination on whether to honor a complainant’s request that the matter not be pursued, the Title IX Coordinator will balance the complainant’s request against the following factors:

- the totality of the known circumstances;
- the nature and scope of the alleged conduct, including whether the reported behavior involves the use of a weapon;
- the respective ages and roles of the complainant and respondent;
- the risk posed to any individual or to the campus community by not proceeding, including the risk of additional violence;
- whether there have been other reports of other prohibited conduct or other misconduct by the
respondent;
• whether the report reveals a pattern of misconduct related to prohibited conduct (e.g., via illicit use of drugs or alcohol) at a given location or by a particular group;
• the complainant’s interest in the University not pursuing an investigation or disciplinary action and the impact of such action on the complainant;
• whether the University possesses other means to obtain relevant evidence;
• fairness considerations for both the complainant and the respondent;
• the University’s obligation to provide a safe and non-discriminatory environment; and
• any other available and relevant information.

The Title IX Coordinator will consider what steps may be possible or appropriate when a respondent is unknown or the complainant requests anonymity, and what other measures or remedies might be considered to address any effects of the reported behavior on the campus community. The Title IX Coordinator will make a determination regarding the appropriate manner of resolution under the policy. The University will seek resolution consistent with the complainant’s request, if it is possible to do so, based upon the facts and circumstances, while also protecting the health and safety of the complainant and the University community.

Where the Title IX Coordinator determines that a complainant’s request(s) can be honored, the University may nevertheless take other appropriate steps to eliminate the reported conduct, prevent its recurrence, and remedy its effects on the complainant and the University community.

Those steps may include offering appropriate remedial measures to the complainant, providing targeted training and prevention programs, and/or providing or imposing other remedies. The Title IX Coordinator may also request that a report be re-opened and pursued under this policy if any new or additional information becomes available, and/or if the complainant decides that they would like Disciplinary Resolution to occur.

In those instances when the Title IX Coordinator determines that the University must proceed with an investigation despite the complainant’s request that it not occur, the Title IX Coordinator will notify the complainant that the University intends to initiate an investigation. The complainant is not required to participate in the investigation or in any of the actions taken by the University.

The University’s ability to investigate and respond fully to a report may be limited if the complainant requests anonymity or declines to participate in an investigation. The University will, however, pursue other steps to limit the effects of the potential prohibited conduct and prevent its recurrence. In all cases, the final decision on whether, how, and to what extent the University will conduct an investigation and whether other interim remedial or protective measures will be taken in connection with a report of prohibited conduct will be made in a manner consistent with this policy.

**Consolidation of Investigation**

The Title IX Coordinator has the discretion to consolidate multiple reports into a single investigation if evidence relevant to one incident might be relevant to the others. Consolidation might involve multiple complainants and a single respondent, multiple respondents, or conduct that is temporally or logically connected.

As noted in Coordination with Other Policies (4, above), the investigator may also investigate other forms of conduct that would be a potential violation of other University policies, and those forms of conduct
may be resolved under this policy, instead of the procedures ordinarily used to address potential violations of such other University policies.

Safeguarding the Privacy of Complainants and Respondents

Individuals involved in proceedings under this policy are encouraged to exercise discretion in sharing information in order to safeguard the integrity of the process and to avoid the appearance of retaliation. While discretion regarding the process is important, complainants and respondents are not restricted from discussing and sharing information with others who may support or assist them during the process. All parties, however, are encouraged to maintain the privacy of FERPA-protected and/or sensitive information gathered or learned in the process.

Advisor

Throughout any investigation or resolution, each party has the right to consult with an advisor of their choosing. The advisor may be any person, including an attorney. The parties may be accompanied by their respective advisor at any meeting or proceeding related to the investigation or resolution of a report under this policy. While the advisor may provide support and advice to the parties at any meeting and/or proceeding, the institution may establish restrictions regarding the extent to which the advisor may participate in the proceedings. Advisors may not speak on behalf of the parties or otherwise participate in, or in any manner delay, disrupt, or interfere with meetings and/or proceedings. Generally, the Title IX Coordinator and investigator will communicate directly with the complainant or respondent, and any communications with an advisor may only occur after a FERPA waiver has been executed. An advisor should plan to make themselves reasonably available, and the University will not unduly delay the scheduling of meetings or proceedings based on the advisor’s unavailability.

12. Alternative Resolution

Alternative Resolution is a voluntary and remedies-based resolution designed to eliminate the prohibited conduct, prevent its recurrence, and remedy its effects in a manner that meets the needs of the parties while still maintaining the safety of the campus community. Where an initial assessment concludes that Alternative Resolution may be appropriate, the University will consider and implement interim remedial measures as outlined above.

Other potential remedies include targeted or broad-based educational programming or training, supported direct conversation or interaction with the respondent, and/or indirect action by the Title IX Coordinator. Depending on the form of Alternative Resolution used, it may be possible for a complainant to maintain anonymity. The University will not compel a party to engage in mediation, or to participate in any particular form of Alternative Resolution. The decision to pursue Alternative Resolution will be made when the University has sufficient information about the nature and scope of the conduct, which may occur at any time.

Participation in Alternative Resolution is voluntary, and either party can request to end Alternative Resolution at any time. Additionally, the Title IX Coordinator can end Alternative Resolution if the Coordinator determines it is no longer the appropriate avenue for resolution for a given report. If Alternative Resolution is stopped prior to completion, information that is shared with or documented by the facilitator of the Alternative Resolution will not be shared with the investigator if Disciplinary Resolution is initiated. A party’s willingness to participate in Alternative Resolution will not be considered as evidence in Disciplinary Resolution.

The Title IX Coordinator will maintain records of all reports and conduct referred for Alternative Resolution, which will typically be completed within 60 calendar days of the initial report. Participation in Alternative Resolution does not constitute a responsible finding of a policy violation and therefore is not reflected on a student’s disciplinary record. However, if the respondent is found responsible for any violations of this policy in the future, information regarding the prior report processed through Alternative Resolution may be used in the sanctioning phase for the subsequent report, provided that the respondent is granted the opportunity to address the prior report as well.
While the University will seek to honor confidentiality of the parties’ communications with the facilitator during the Alternative Resolution process to the extent necessary to facilitate the resolution, the University may be required to produce records created during this process in response to a judicial subpoena or a FERPA educational record request.

13. Disciplinary Resolution When the Respondent is a Student

During the disciplinary resolution process, both parties have equal rights, including the opportunity to receive a written notice of investigation; to participate in the investigation; to review and present information and evidence; to be accompanied by an advisor of their choice to any meeting; to timely and equal access to information that will be used in disciplinary proceedings; to timely notice of meetings at which their presence will be requested or required; to simultaneous written notice of the outcome, rationale, and, as appropriate, the sanction; and to seek review of the finding.

A. Timeframe for Investigation and Resolution

The University will seek to complete the fact-gathering portion of the investigation in approximately 60 calendar days following the issuance of the notice of the investigation. In some instances, the notice of investigation may be issued the same date as the date of the report of the incident; in other instances, based on information gathered in the initial assessment, the notice of investigation may be issued at a later date. This policy designates reasonably prompt timeframes for the major stages of the investigation and resolution process (typically set forth in business days), but the University may extend any timeframe in this policy for good cause. An extension may be required for good cause to ensure the integrity and thoroughness of the investigation; to comply with a request by law enforcement; in response to the unavailability of the parties or witnesses; or for other legitimate reasons, such as intervening breaks in the University calendar, University finals periods, the complexity of the investigation, the volume of information or length of the written record, and/or the severity and extent of the alleged misconduct. While requests for delays by the parties may be considered, the University cannot unduly or unreasonably delay the prompt resolution of a report under this policy.

Reasonable requests for delays by the parties will serve to extend the 60-calendar-day time period for investigation of the report. The Title IX Coordinator, in consultation with the investigator, has the authority to determine whether an extension is required or warranted by the circumstances. The University will notify the parties in writing of any extension of the timeframes for good cause and the reason for the extension.

Although cooperation with law enforcement may require the University to suspend the fact-finding portion of a Title IX investigation temporarily, the University will promptly resume its Title IX investigation as soon as it is notified by the law enforcement agency that the agency has completed the evidence-gathering process. The University will not, however, wait for the conclusion of a criminal proceeding to begin its own investigation and, if needed, will take immediate steps to provide appropriate interim remedial measures.

Investigations will proceed according to the timeframes in this policy to the extent possible during the summer and at other times when classes at the University are not in session. The Title IX Team will work with the parties to balance the need for promptness and the preference for in-person meetings regarding the investigation.

Timeframes for all phases of the disciplinary process, including the investigation, any related disciplinary proceedings, and any related review of the finding, apply equally to both complainant and respondent.
Expectations for the Parties; Cooperation with Investigation and Resolution Procedures

All University community members are expected to provide truthful information in any report or proceeding under this policy. Submitting or providing false or misleading information in bad faith or with a view to personal gain or intentional harm to another in connection with an incident of prohibited conduct is prohibited and subject to disciplinary sanctions. This provision does not apply to reports made or information provided in good faith, even if the facts alleged in the report are not later substantiated or no policy violation is found to have occurred.

McMurry University expects all members of the University community to cooperate fully with the investigation and resolution procedures. It is understood that there may be circumstances in which a complainant or respondent wishes to limit their participation, and the University will respect the choice of the complainant or respondent as to how to engage in proceedings under this policy. The University may, however, move forward with an investigation and disciplinary action without the participation of a party or parties.

The University also recognizes that witnesses may be reluctant to participate in the process; nevertheless, any student or member of the faculty or staff who refuses to cooperate in an investigation may be subject to sanction. Refusal to cooperate includes, but is not limited to, delaying or failing to acknowledge requests from University officials for information, delaying or failing to make oneself available for meetings with University officials, and/or providing information to University officials the individual knows to be untruthful.

If a complainant or respondent chooses not to answer any or all questions, or otherwise participate in an investigation for any reason, the University will continue its process; and the University will issue any discipline or sanctions, as appropriate. The University will not draw any adverse inference from a complainant’s or respondent’s decision not to participate in the investigation or any form of resolution under this policy; however, the complainant or respondent should be aware that declining to participate in the investigation may impact the timing and outcome of the case.

At any time, the University may place an administrative hold on the respondent’s University transcript, or defer or withhold the award of the respondent’s degree. If a respondent withdraws while the investigation is pending, the University will proceed with the Disciplinary Resolution process despite the respondent’s withdrawal. Further, the University will place an administrative hold on the respondent’s transcript pending the completion of the Disciplinary Resolution process.

Investigation

When the Title IX Coordinator determines a report warrants further investigation or it is appropriate for the Disciplinary Process to proceed, the Title IX Coordinator will appoint one or more investigators to conduct a prompt, thorough, fair, and impartial investigation. The investigator may be a University employee and/or an experienced external investigator. Any investigator used by the University will receive annual training on the issues related to sexual and gender-based harassment, sexual assault, dating violence, domestic violence, and stalking, and on how to conduct an investigation that is fair and impartial, provides parties with notice and a meaningful opportunity to be heard, and protects the safety of complainants while promoting accountability. The investigator(s) will be impartial and free from conflict of interest or bias.

Notice of Investigation: When the Title IX Coordinator has sufficient information regarding the alleged prohibited conduct, the Title IX Coordinator will notify the complainant and the respondent, in writing, of the following information: (1) the names of the complainant and the respondent; (2) the date, time (if known), location, and nature of the reported conduct; (3) the reported policy violation(s); (4) the name of the investigator; (5) information about the parties’ respective rights and responsibilities; (6) the
prohibition against retaliation; (7) the importance of preserving any potentially relevant evidence in any format; (8) how to challenge participation by the investigator on the basis of a conflict of interest or bias; and (9) a copy of this policy. If the investigation reveals the existence of additional or different potential policy violations, including a violation of an interim measure, the Title IX Coordinator will issue an amended notice of investigation.

**Overview:** During an investigation, the investigator will seek to meet separately with the complainant, respondent, and relevant witnesses. Witnesses are individuals who may have information relevant to the incident, including individuals who may have observed the acts in question, may be able to provide contextual information, or may have other information related to the incident, the disclosure, or related matters. As noted above, this policy prohibits attempts to commit prohibited conduct. In assessing whether an individual attempted to commit prohibited conduct, the investigator will consider elements such as circumstances and context of the encounter, statements made by the parties and the actions of the parties.

Witnesses may not participate solely to speak about an individual’s character. Where witnesses are interviewed as part of the investigation, the name of the witness and the information gathered in the interviews will be shared with the parties at the conclusion of the investigation. The investigator will also gather other relevant information or evidence, including documents, photographs, communications between the parties, medical records (subject to the consent of the applicable person), and other information, including electronic records, as appropriate.

The investigator, not the parties, is responsible for gathering relevant evidence to the extent reasonably possible. Both the complainant and the respondent are encouraged, however, to submit any information they believe may be relevant, and both the complainant and respondent will be asked to identify witnesses and provide other relevant information, such as documents, communications, photographs, and other evidence. Both parties are encouraged to provide all relevant information as promptly as possible to facilitate prompt resolution. In the event that a party declines to provide material information, the University’s ability to gather and consider all facts may be impacted.

The investigator may also consider information publicly available from social media or other online sources that comes to the attention of the investigator. The Title IX Team does not actively monitor social media or online sources, however, and as with all potentially relevant information, the complainant, respondent, or witness should bring online information to the attention of the investigator.

Similarly, the parties should bring any new or evolving evidence, such as harassing or retaliatory conduct, to the attention of the investigator. The investigator may consider such information in the investigation and will also share any information about retaliation or violation of the terms of an interim measure with the Title IX Coordinator for further action through expedited fact-gathering and resolution.

The investigator may visit relevant sites or locations and record observations through written, photographic, or other means. In some cases, the investigator may consult medical, forensic, technological, or other experts when expertise on a topic is needed in order to achieve a fuller understanding of the issues under investigation. The University will not consider polygraph results. In general, a person’s medical and counseling records are confidential and not accessible to the investigator unless the person voluntarily chooses to share those records with the investigator. In those instances, the relevant information from the records must be shared with the other party; it should be noted, however, that certain irrelevant information may be redacted from such records, as appropriate.

The investigator will review all information identified or provided by the parties and will determine the appropriateness, relevance, and probative value of the information developed or received during the investigation. In general, the investigator will not consider statements of personal opinion or statements as to any party’s general reputation for any character trait. All information considered relevant by the investigator will be provided to the parties for their review and comment, as described in this policy.
Information received by the investigator that is not determined to be relevant will be excluded.

The investigator will provide periodic updates to the parties about the status of the investigation, with a goal to complete the fact-gathering portion of the investigation within approximately 60 calendar days.

**Prior or Subsequent Conduct of the Respondent:** Prior or subsequent conduct of the respondent may be considered in determining pattern, knowledge, intent, motive, or absence of mistake. For example, evidence of a pattern of prohibited conduct by the respondent, either before or after the incident in question, regardless of whether there has been a prior finding of a policy violation, may be deemed relevant to the determination of responsibility for the prohibited conduct under investigation. The determination of relevance of pattern evidence will be based on an assessment of whether the previous or subsequent conduct was substantially similar to the conduct under investigation or indicates a pattern of similar prohibited conduct. The investigator will determine the relevance of this information and both parties will be informed if evidence of prior or subsequent conduct is deemed relevant.

**Prior Sexual History:** The sexual history of the complainant or respondent will never be used to prove character or reputation. Evidence related to the prior sexual history of the parties is generally not used in determining whether a violation of this policy has occurred and will only be considered under limited circumstances. For example, if consent is at issue, the sexual history between the parties may be relevant to determine the nature and manner of communications between the parties, which may inform the determination of whether consent was sought and reasonably appeared to have been given during the incident in question. As set forth in the consent definition, even in the context of a relationship, consent to one sexual act does not constitute consent to another sexual act, and consent on one occasion does not constitute consent on a subsequent occasion. In addition, prior sexual history may be relevant to explain injury, to provide proof of a pattern, or to address another specific issue raised in the investigation. The investigator will determine the relevance of this information and both parties will be informed if evidence of prior sexual history is deemed relevant.

**Coordination with Law Enforcement:** If there is a concurrent criminal investigation, the University may contact the law enforcement agency that is conducting any investigation to inform that agency that a University investigation is also in progress, to attempt to ascertain the status of the criminal investigation, and to determine the extent to which any evidence collected by law enforcement may be available to the University in its investigation.

**Review of Preliminary Investigative Report:** At the conclusion of the fact-gathering portion of the investigation, the investigator will prepare a preliminary investigative report that provides the complainant and the respondent equal and timely access to information that will be used in determining whether there was a policy violation. The preliminary investigative report and accompanying documents will be made available to the complainant and the respondent to review. Upon notice of the availability of the preliminary investigative report, each party will have five business days to (1) meet again with the investigator, (2) provide written comment or feedback on the facts as gathered, (3) submit additional information, (4) suggest questions to be asked (at the discretion of the investigator(s)) of the other party and/or witnesses, and/or (5) identify additional witnesses or request the collection of other information by the investigator. If either party provides a written response or makes a request for additional information, the content will be shared with the other party and incorporated as appropriate in the final investigative report. The parties are expected to submit all information relevant to the investigation prior to the preparation of the preliminary investigate report. However, each party shall have one opportunity to submit additional information after reviewing the preliminary report. Any information gathered through additional investigation steps will be shared with both parties, and, as appropriate, the parties may have the opportunity for further response if sufficient new information has been gathered. If additional review is granted, each party will have three business days to review any additional information and any further comment by the parties will be limited to responding to the new information only. As necessary, the
investigator will designate reasonably prompt timeframes to ensure a timely completion of the process while also providing an adequate opportunity for both sides to respond thoroughly to the information gathered during the investigation. In the absence of good cause, information discoverable through the exercise of due diligence that is not provided to the investigator prior to review of the preliminary investigative report or in the one opportunity to submit additional information after the preliminary report was reviewed will not be considered in the determination of responsibility for a violation of the policy.

**Standard of Proof:** The investigator will make a finding, by a preponderance of the evidence, whether there is sufficient evidence to support a finding of policy violation. A finding of responsibility based on a preponderance of the evidence means that based on all relevant evidence and reasonable inferences from the evidence, the greater weight of information indicates that it was more likely than not the alleged policy violation occurred.

**Final Investigative Report:** Unless there are significant additional investigative steps requested by the parties or identified by the investigator, within ten business days of receipt and consideration of additional comments, questions, and/or information from the parties, the investigator will prepare a final investigative report, which will include a determination as to whether there is sufficient information, by a preponderance of the evidence, to support a finding of responsibility for a violation of the policy. Both parties will receive simultaneous written notification of the investigative finding, the rationale, and the ability to contest the investigative finding.

**Expedited Fact-Gathering**

Expedited fact-gathering may be utilized in cases where the respondent accepts responsibility for prohibited conduct, where the only allegation is one or more violations of a University-issued No Contact Directive, or where otherwise appropriate. Expedited fact-gathering will include, at a minimum, appropriate notice to all parties and the opportunity to be heard.

At the conclusion of the expedited fact-gathering, the Title IX Coordinator will resolve the matter through alternative resolution, issue or modify interim measures, or refer the matter to the Review Panel to determine the appropriate sanction(s).

**Review of Finding**

Either party may contest the investigative finding by asserting that (1) there was a material procedural error that substantially impacted the outcome and/or (2) the investigative finding, applying a preponderance of the evidence standard, was not supported by substantial evidence. To contest the finding, the complainant or respondent must submit a written statement to the Title IX Coordinator within five business days explaining why the party contests the finding(s). Each party will have the opportunity to review and respond in writing to the other party’s request for review of the finding; any response must be submitted within three business days and will be shared with the other party for review only. The Title IX Coordinator will provide the final investigative report, together with any statements by the parties, to the Review Panel for further proceedings as outlined below:

- If either party contests the investigative finding, the Review Panel will hold a hearing to determine: (1) whether there was a material procedural error that substantially impacted the outcome and/or (2) whether the investigative finding, applying a preponderance of the evidence standard, was not supported by substantial evidence. If an investigative finding of responsibility is upheld, the Review Panel will determine the appropriate sanction.

- A finding, applying a preponderance of the evidence standard, is supported by substantial evidence when the record as a whole may be accepted by a reasonable mind as adequate to support the finding. The panel may not substitute its judgment for the final determination contained in the investigative finding solely on the ground that the panel believes a contrary determination is more
reasonable than the determination made in the investigative finding.

- If neither party contests a finding that the respondent violated this policy, the Review Panel will hold a hearing solely to determine the appropriate sanction.
- If neither party contests a finding that there was insufficient evidence to support a finding that the respondent violated this policy, the investigative finding becomes final.

The hearing will typically be scheduled within ten business days of the receipt of any request for review (and response) by the parties, although this time frame may be adjusted for good cause or as necessary for the orderly scheduling of the hearing.

**Impact and Mitigation Statements**

Where there is an investigative finding of responsibility on one or more of the policy violations, either or both parties may submit a statement for consideration by the Review Panel in determining an appropriate sanction. The complainant may submit a written or verbal statement describing the impact of the prohibited conduct on the complainant and expressing a preference about the sanction(s) to be imposed. The respondent may submit a written or verbal statement explaining any factors that the respondent believes should mitigate or otherwise be considered in determining the sanctions(s) imposed. The Title IX Coordinator will ensure that each of the parties has an opportunity to review and/or hear any statement submitted by the other party.

**Review Panel**

**Composition:** The Review Panel will consist of three individual members drawn from a standing pool of panelists. The Review Panel may consist of faculty, staff, or external professionals and will be appointed by the University President or designee. Students may not serve as members of the Review Panel. All members of the Review Panel will receive annual training on issues related to sexual and gender-based harassment, sexual assault, dating violence, domestic violence, and stalking and on how to conduct a hearing that is fair and impartial and provides parties with notice and a meaningful opportunity to be heard. Members of the Review Panel will be impartial and free from conflict of interest or actual bias. Parties will be notified of the identities of the panelists selected for their Hearing, and parties will have an opportunity to challenge participation by the panelists on the basis of a conflict of interest or actual bias. Parties and their advisors are prohibited from contacting panelists for any reason prior to the full conclusion of the resolution process. In addition, parties and their advisors are prohibited from contacting panelists about the resolution process after its completion.

**Standard of Review:** If either party contests the investigative finding, the Review Panel will determine: (1) whether there was a material procedural error that substantially impacted the outcome and/or (2) whether the investigative finding, applying a preponderance of the evidence standard, was not supported by substantial evidence. The review is narrowly tailored to these stated bases.

**Hearing:** The hearing is an opportunity for the parties to address the Review Panel in person. The parties may address any information in the final investigative report, supplemental statements submitted in response to the final investigative report, or impact and mitigation statements. Each party has the opportunity to be heard and to respond to any questions of the Review Panel. The parties may not directly question one another, although they may proffer questions for the Review Panel, who may choose, in their discretion, to pose appropriate and relevant questions.

The Review Panel has the discretion to determine the specific hearing format. Both the complainant and the respondent have a right to be present at the hearing, but neither party is required to participate in the hearing in order for the hearing to proceed. Either party may request alternative methods for participating
in the hearing that do not require physical proximity to the other party, including participating through electronic means.

Although as a general rule the University will expect that the complainant will participate in the hearing, the Review Panel may proceed without the complainant after considering the complainant’s stated reason for not participating, the seriousness of the alleged harassment, the age of the complainant, whether there have been multiple complaints or reports of harassment against the respondent, and the sufficiency of the information the respondent has received about the complainant and the reported misconduct.

**Determination by the Review Panel:** Where either of the parties has contested the finding(s) of responsibility, the Review Panel will, at the conclusion of the hearing, determine, by majority vote, (1) whether there was a material procedural error that substantially impacted the outcome and/or (2) whether the investigative finding, applying a preponderance of the evidence standard, was not supported by substantial evidence. If either ground is substantiated, the Review Panel may remand the matter to the Title IX Coordinator with instructions for further investigation or other action. The instructions may include guidance regarding the scope of information to be further investigated and any appropriate stipulations, including the appointment of a new investigator.

If the Review Panel affirms the investigative finding of a policy violation, the Review Panel will then determine, by majority vote, the appropriate sanction(s) for the prohibited conduct.

If the Review Panel affirms the investigator’s finding that there was insufficient evidence to support a finding that the respondent violated this policy, the matter will be considered resolved; and the investigation will be closed. Appropriate remedial measures (including but not limited to no contact directives issued to both parties) may, however, remain in effect.

Where possible, the parties will receive immediate notification of the Review Panel’s determination. Written notice of the outcome, sanction (if appropriate), and rationale for each will typically be provided within ten business days of the hearing.

**Imposition of Sanction**

Where there is a finding of responsibility, the Review Panel may impose one or more sanctions. Sanctions may include any of the sanctions that are listed below or set forth for violations of the University’s Student Handbook.

This policy prohibits a broad range of conduct, all of which is serious in nature. In keeping with the University’s commitment to foster an environment that is safe, inclusive, and free from discrimination and harassment, the Review Panel has great latitude in the imposition of sanctions tailored to the facts and circumstances of each report, the impact of the conduct on the complainant and surrounding community, and accountability for the respondent. The imposition of sanctions is designed to eliminate prohibited conduct, prevent its recurrence, and remedy its effects, while supporting the University’s educational mission and federal obligations. Sanctions may include educational, restorative, rehabilitative, and punitive components. Some conduct, however, is so egregious in nature, harmful to the individuals involved, or so detrimental to the educational process that it requires severe sanctions, including suspension or expulsion.

The Review Panel may solicit information from the complainant, the respondent, and any other McMurry administrator who can provide information relevant to a determination regarding potential sanctions. The Review Panel may also review any impact or mitigation statement submitted by the complainant or respondent.
In determining the appropriate sanction, the Review Panel may consider factors including but not limited to the following:

- the nature and violence of the conduct at issue;
- the impact of the conduct on the complainant;
- the impact or implications of the conduct on the community or the University;
- prior misconduct by the respondent, including the respondent’s relevant prior discipline or criminal history (if available);
- whether the respondent has accepted responsibility for the conduct;
- maintenance of a safe and respectful environment conducive to learning and protection of the University community; and
- any other mitigating, aggravating, or compelling circumstances in order to reach a just and appropriate resolution in each case.

Sanctions may be imposed individually or in combination. For violations of this policy, the following sanctions, listed in ascending order of severity, may be imposed:

**Warning:** A formal admonition, which appears in an individual’s disciplinary record at the University.

**Disciplinary Probation:** A more serious admonition may be assigned for a definite period of time. Findings of misconduct that resulted in disciplinary probation may be considered in determining subsequent sanctions, even if the probation period has ended. Any future violation may be grounds for more severe sanctions, including suspension, suspension with conditions, or, in especially serious cases, expulsion from the University.

**Restitution:** Requirement to reimburse or otherwise compensate another and/or the University for damage or loss of property resulting from a student's misconduct. Common assessment or group billing may be made to students in a residence hall for damages occurring in common areas shared by groups of residents (determinations about whether and to what extent that will occur are made by the University’s residence life administrators, not through the procedures provided in the Student Conduct Code).

**Residential Restrictions or Removal:** Restriction or removal from residence halls as designated in the written notification. The housing deposit will not be refunded to a student who is evicted from the residence halls.

**Facilities Restrictions or Removal:** Restriction or removal from campus facilities as designated in the written notification.

**Withholding of Degree:** In cases involving seniors or graduate students in their final semester, the University may withhold a student's McMurry degree for a specified period of time. This penalty is imposed instead of suspension at the end of senior year or final year of graduate study when all other degree requirements have been met. Degrees may also be withheld indefinitely when all other degree requirements have been met. The sanction of withholding a degree may also occur if an expulsion-level offense occurs after all other degree requirements have been met but before the degree is conferred.

**Suspension:** Student status at the University may be terminated for a specified period of time.

**Suspension with Conditions:** Student status at the University may be terminated for at least the period of time specified by the suspension, with the suspension to continue until certain conditions, stipulated by
the officer or panel applying this penalty, have been fulfilled. These conditions may include, but are not limited to, restitution of damages and formal apology.

**Expulsion:** This is permanent termination of student status at the University, without any opportunity for readmission. Relevant information remains in the student's disciplinary record at the University and may be disclosed by the University when the student consents in writing or as otherwise required or permitted by law.

*The following outcomes may accompany the preceding sanctions, as appropriate:*

**Community Service:** Community service up to 10 hours per week may be added to disciplinary probation for a portion or duration of the probationary period or following a warning.

**Restriction of Access to Space, Resources, and Activities:** When appropriate, restrictions may be placed on access to space and/or resources or on participation in activities so as to limit opportunities for contact between the parties.

**Educational Programs:** In addition to any of the sanctions listed above, a student may be required to participate in educational programs.

**No Contact Directives:** No contact directives may be imposed as an administrative matter (but not necessarily a sanction) when the University determines that doing so is in the best interests of an affected individual or individuals, and/or the best interests of the University.

The fact that these additional outcomes are listed here as examples does not limit the University’s ability to issue interim or administrative measures such as restriction of access to space, resources and activities, and/or no contact directives at its discretion even where no policy violation has been investigated or charged, and/or where no policy violation has been found.

I. **Other Information About Sanctions**

Sanctions will be imposed immediately. In cases adjudicated prior to the last day of classes, if the final sanction is separation from the University (i.e., suspension, suspension with conditions, or expulsion), the granting of credit for the semester and/or the awarding of a degree will be at the discretion of the Review Panel. The imposition of a sanction or sanctions by the Review Panel is final and is not subject to further review.

A student who is suspended or expelled for a violation of this policy will have the notation “Ineligible to Reenroll” placed on his or her academic transcript. On request by the student, the University may remove the notation from the academic transcript if (1) the student is eligible to reenroll, or (2) the University determines that good cause exists to remove the notation. Such requests should be directed to the Title IX Coordinator in writing. The removal of the notation from the academic transcript shall not require the University to make any modification to the student’s disciplinary records at the University.

J. **Additional Remedies**

Regardless of the outcome, the Review Panel may recommend additional remedies for the complainant to address the effects of the conduct on the complainant, restore the complainant’s access to University programs and activities, and restore to the complainant, to the extent possible, benefits and opportunities lost as a result of the alleged prohibited conduct. The Review Panel may also identify remedies to address the effects of the conduct on the University community.
The Title IX Coordinator will review the remedies recommended by the Review Panel and will consider the appropriateness of continuing interim remedial or protective measures on an ongoing basis. Extended protective measures may be included in the sanctions.

K. Notice of Outcome

Both the complainant and respondent will receive a written notice of outcome that documents the Review Panel’s finding, the sanction (if appropriate, see below) and the rationale for each. The University will seek to issue a final notice of outcome no later than 90 calendar days from the date of the notice of investigation.

In cases involving allegations of crimes of violence under this policy (non-consensual sexual penetration, non-consensual sexual contact, stalking, and intimate partner violence), the complainant will receive written notice of the imposed sanction(s). Additionally, in cases that do not involve allegations of crimes of violence, the complainant will receive written notice of any sanction(s) that are directly related to his/her educational experience (e.g., continued no contact directive, changes in the respondent’s on-campus housing assignment or work schedule, etc.).

The Title IX Coordinator will also notify relevant administrative and academic units, including the Financial Aid Office, the Registrar, Human Resources Director, the McMurry University Campus Security, and Dean of Students & Campus Life as appropriate and necessary to ensure that sanctions and remedies are put into effect immediately.

The Title IX Coordinator will maintain records of all reports, Disciplinary Resolution, Alternative Resolution, and steps taken to eliminate prohibited conduct, prevent its recurrence, and address its effects. Findings of responsibility will also be included in a student’s disciplinary record maintained by the Dean of Students & Campus Life.

L. Extraordinary Relief

The University recognizes that under extraordinary circumstances, a complainant or respondent may identify newly discovered and dispositive information that was not previously available during the investigation through the exercise of due diligence. The Title IX Coordinator or designee has the discretion to review this information. If it is determined that the information could not reasonably have been discovered prior to the resolution of the report, the information would substantially affect the finding or sanction, and compelling justification exists for its consideration, the Title IX Coordinator may review the investigative finding or outcome and refer the matter for additional action in furtherance of this policy.

M. Administrative Measures

Regardless of whether a policy violation is found to have occurred in a particular case, the University may implement non-punitive, non-disciplinary administrative measure such as, for example, no contact directives and/or reasonable restrictions from certain University premises, at any time after a matter is reported, if the University determines that doing so is in the best interests of a party, both parties and/or the University.

14. Disciplinary Resolution When the Respondent is an Employee

A. Investigation

When the Title IX Coordinator receives a report that a member of the faculty or staff violated this policy, the Title IX Coordinator will work with the Vice President for Academic Affairs and/or Human Resources Director to investigate in a manner consistent with McMurry personnel policies and all applicable law.
The Title IX Coordinator will have the authority to exercise oversight of the investigation and resolution and will ensure that the procedures followed are consistent with the requirements of Title IX and VAWA and the principles set forth in this policy. The Title IX Coordinator will ensure that any procedures used to investigate and resolve reports against faculty or staff will include, at a minimum, written notice of the report, the opportunity to present information, the opportunity to respond to the report, timely and equal access to information and, an equitable opportunity to participate in the investigation and resolution process, and written notice of the outcome, the sanction (if appropriate) and the rationale.

**Review of Finding**

Either party may contest the investigative finding by asserting that (1) there was a material procedural error that substantially impacted the outcome and/or (2) the investigative finding, applying a preponderance of the evidence standard, was not supported by substantial evidence. To contest the finding, the complainant or respondent must submit a written statement to the Title IX Coordinator within five business days explaining why the party contests the finding(s). Each party will have the opportunity to review and respond in writing to the other party’s request for review of the finding; any response must be submitted within three business days and will be shared with the other party for review only. The Title IX Coordinator will provide the final investigative report, together with any statements by the parties, to the Review Panel for further proceedings outlined below:

- If either party contests the investigative finding, the Review Panel will hold a hearing to determine: (1) whether there was a material procedural error that substantially impacted the outcome and/or (2) whether the investigative finding, applying a preponderance of the evidence standard, was not supported by substantial evidence. If an investigative finding of responsibility is upheld, the Review Panel will determine the appropriate sanction.

- A finding, applying a preponderance of the evidence standard, is supported by substantial evidence when the record as a whole may be accepted by a reasonable mind as adequate to support the finding. The panel may not substitute its judgment for the final determination contained in the investigative finding solely on the ground that the panel believes a contrary determination is more reasonable than the determination made in the investigative finding.

- If neither party contests a finding that the respondent violated this policy, the Review Panel will hold a hearing solely to determine the appropriate sanction.

- If neither party contests a finding that there was insufficient evidence to support a finding that the respondent violated this policy, the investigative finding becomes final.

The hearing will typically be scheduled within ten business days of the receipt of any request for review (and response) by the parties, although this time frame may be adjusted for good cause or as necessary for the orderly scheduling of the hearing.

**Impact and Mitigation Statements**

Where there is an investigative finding of responsibility on one or more of the policy violations, either or both parties may submit a statement for consideration by the Review Panel in determining an appropriate sanction. The complainant may submit a written or verbal statement describing the impact of the prohibited conduct on the complainant and expressing a preference about the sanction(s) to be imposed. The respondent may submit a written or verbal statement explaining any factors that the respondent believes should mitigate or otherwise be considered in determining the sanctions(s) imposed. The Title IX Coordinator will ensure that each of the parties has an opportunity to review and/or hear any statement submitted by the other party.

**Review Panel**
Composition: The Review Panel will consist of three individual members drawn from a standing pool of panelists. The Review Panel may consist of faculty, staff, or external professionals will be appointed by the University President or designee. Students may not serve as members of the Review Panel. All members of the Review Panel will receive annual training on issues related to sexual and gender-based harassment, sexual assault, dating violence, domestic violence, and stalking and on how to conduct a hearing that is fair and impartial and provides parties with notice and a meaningful opportunity to be heard. Members of the Review Panel will be impartial and free from conflict of interest or actual bias. Parties will be notified of the identities of the panelists selected for their Hearing, and parties will have an opportunity to challenge participation by the panelists on the basis of a conflict of interest or actual bias. Parties and their advisors are prohibited from contacting panelists for any reason prior to the full conclusion of the resolution process. In addition, parties and their advisors are prohibited from contacting panelists about the resolution process after its completion.

Standard of Review: If either party contests the investigative finding, the Review Panel will determine: (1) whether there was a material procedural error that substantially impacted the outcome and/or (2) whether the investigative finding, applying a preponderance of the evidence standard, was not supported by substantial evidence. The review is narrowly tailored to these stated bases.

Hearing: The hearing is an opportunity for the parties to address the Review Panel in person. The parties may address any information in the final investigative report, supplemental statements submitted in response to the final investigative report, or impact and mitigation statements. Each party has the opportunity to be heard and to respond to any questions of the Review Panel. The parties may not directly question one another, although they may proffer questions for the Review Panel, who may choose, in their discretion, to pose appropriate and relevant questions.

The Review Panel has the discretion to determine the specific hearing format. Both the complainant and the respondent have a right to be present at the hearing, but neither party is required to participate in the hearing in order for the hearing to proceed. Either party may request alternative methods for participating in the hearing that do not require physical proximity to the other party, including participating through electronic means.

Although as a general rule the University will expect that the complainant will participate in the hearing, the Review Panel may proceed without the complainant after considering the complainant’s stated reason for not participating, the seriousness of the alleged harassment, the age of the complainant, whether there have been multiple complaints or reports of harassment against the respondent, and the sufficiency of the information the respondent has received about the complainant and the reported misconduct.

Determination by the Review Panel: Where either of the parties has contested the finding(s) of responsibility, the Review Panel will, at the conclusion of the hearing, determine, by majority vote, (1) whether there was a material procedural error that substantially impacted the outcome and/or (2) whether the investigative finding, applying a preponderance of the evidence standard, was not supported by substantial evidence. If either ground is substantiated, the Review Panel may remand the matter to the Title IX Coordinator with instructions for further investigation or other action. The instructions may include guidance regarding the scope of information to be further investigated and any appropriate stipulations, including the appointment of a new investigator.

If the Review Panel affirms the investigative finding of a policy violation, the Review Panel will then determine, by majority vote, the appropriate sanction(s) for the prohibited conduct.

If the Review Panel affirms the investigator’s finding that there was insufficient evidence to support a finding that the respondent violated this policy, the matter will be considered resolved; and the
investigation will be closed. Appropriate remedial measures (including but not limited to no contact directives issued to both parties) may, however, remain in effect.

Where possible, the parties will receive immediate notification of the Review Panel’s determination. Written notice of the outcome, sanction (if appropriate), and rationale for each will typically be provided within ten business days of the hearing.

**Sanctions**

Where there is a finding of responsibility, the Review Panel may impose one or more sanctions. Sanctions may include any of the sanctions that are listed below or set forth for violations of the University’s Faculty and/or Employee Handbook.

This policy prohibits a broad range of conduct, all of which is serious in nature. In keeping with the University’s commitment to foster an environment that is safe, inclusive, and free from discrimination and harassment, the Review Panel has great latitude in the imposition of sanctions tailored to the facts and circumstances of each report, the impact of the conduct on the complainant and surrounding community, and accountability for the respondent. The imposition of sanctions is designed to eliminate prohibited conduct, prevent its recurrence, and remedy its effects, while supporting the University’s educational mission and federal obligations. Some conduct, however, is so egregious in nature, harmful to the individuals involved, or so detrimental to the educational process that it requires severe sanctions, including suspension or expulsion.

The Review Panel may solicit information from the complainant, the respondent, and any other McMurry administrator who can provide information relevant to a determination regarding potential sanctions.

The Review Panel may also review any impact or mitigation statement submitted by the complainant or respondent.

In determining the appropriate sanction, the Review Panel may consider factors including but not limited to the following:

- the nature and violence of the conduct at issue;
- the impact of the conduct on the complainant;
- the impact or implications of the conduct on the community or the University;
- prior misconduct by the respondent, including the respondent’s relevant prior discipline or criminal history (if available);
- whether the respondent has accepted responsibility for the conduct;
- maintenance of a safe and respectful environment conducive to learning and protection of the University community; and
- any other mitigating, aggravating, or compelling circumstances in order to reach a just and appropriate resolution in each case.

Sanctions may be imposed individually or in combination and may include counseling or training, written warning, financial penalty, unpaid leave of absence, suspension, demotion, reassignment of duties, or termination.

Sanctions will be communicated to the parties, as appropriate, in writing by the Review Panel in consultation with the Vice President for Academic Affairs and/or the Human Resources Director or
designee. In all cases involving sex discrimination or sexual misconduct, the file will be archived by the Title IX Coordinator.

15. Violations of Law
Conduct that violates this policy also may violate the laws of the local jurisdiction in which the incident occurred and subject a respondent to criminal prosecution by the presiding authority. More information about violations of Texas criminal law can be found in the University’s Annual Fire Safety and Security Report. Conduct that violates this policy also may subject a respondent to civil liability.

Students and employees studying, working, or engaging in other activities at locations outside of Texas are governed by the applicable laws regarding sexual assault and other criminal offenses implicated by this policy. Where the University has jurisdiction to investigate and address reported conduct that would constitute conduct prohibited by this policy, the definitions and standards in this policy will apply for purposes of University discipline, regardless of the definitions of various crimes used in the laws of the locality where the conduct reportedly occurred.

16. Prevention and Awareness Programs
The University is committed to the prevention of prohibited conduct through regular and ongoing education and awareness programs. Incoming students and new employees receive primary prevention and awareness programming and returning students and current employees receive ongoing training and related programs. The University provides coordinated programming and training through multiple areas.

17. Annual Review
This policy is maintained by the Title IX Coordinator. The University will review this policy on at least an annual basis. The review will capture evolving legal requirements, evaluate the supports and resources available to the parties, and assess the effectiveness of the resolution processes (including the fairness of the process, the time needed to complete the process, and the sanctions and remedies imposed). The review may incorporate feedback from parties and an aggregate view of reports, resolution, and climate.

Effective: October 21, 2019
**TITLE IX (MALE/FEMALE EQUAL RIGHTS IN EDUCATION)**

Title IX is the comprehensive legislation passed in 1972 which is related to equal rights between men and women in education. It applies to all institutions or organizations which receive any federal funds for education purposes.

The intent of Title IX is to eliminate sex discrimination in admission policies, the treatment of students, and employment practices. Title IX also prohibits sexual harassment, which includes sexual assault and sexual violence. Institutions are required to establish a grievance procedure and appoint a Title IX Coordinator who will deal with inequalities and maintain equal opportunity policies. Any student who has a complaint or grievance related to discrimination on the basis of sex or gender equality at McMurry University is encouraged to contact:

(5) "Organization" means a fraternity, sorority, association, corporation, order, society, corps, club, or service, social, or similar group, whose members are primarily students.
(6) "Hazing" means any intentional, knowing, or reckless act, occurring on or off the campus of an educational institution, by one person alone or acting with others, directed against a student, that endangers the mental or physical health or safety of a student for the purpose of pledging, being initiated into, affiliating with, holding office in, or maintaining membership in an organization. The term includes:
   (a) any type of physical brutality, such as whipping, beating, striking, branding, electronic shocking, placing of a harmful substance on the body, or similar activity;
   (b) any type of physical activity, such as sleep deprivation, exposure to the elements, confinement in a small space, calisthenics, or other activity that subjects the student to an unreasonable risk of harm or that adversely affects the mental or physical health or safety of the student;
   (c) any activity involving consumption of a food, liquid, alcoholic beverage, liquor, drug, or other substance that subjects the student to an unreasonable risk of harm or that adversely affects the mental or physical health or safety of the student;
   (d) any activity that intimidates or threatens the student with ostracism, that subjects the student to extreme mental stress, shame, or humiliation, that adversely affects the mental health or dignity of the student or discourages the student from entering or remaining registered in an educational institution, or that may reasonably be expected to cause a student to leave the organization or the institution rather than submit to acts described in this subdivision; and
   (e) any activity that induces, causes, or requires the student to perform a duty or task that involves a violation of the Penal Code.

Sec. 37.152. PERSONAL HAZING OFFENSE.
(a) A person commits an offense if the person:
(1) engages in hazing;
(2) solicits, encourages, directs, aids, or attempts to aid another in engaging in hazing;
(3) recklessly permits hazing to occur; or
(4) has firsthand knowledge of the planning of a specific hazing incident involving a student in an educational institution, or has firsthand knowledge that a specific hazing incident has occurred, and knowingly fails to report that knowledge in writing to the dean of students or other appropriate official of the institution.

(b) The offense of failing to report is a Class B misdemeanor.

(c) Any other offense under this section that does not cause serious bodily injury to another is a Class B misdemeanor.

(d) Any other offense under this section that causes serious bodily injury to another is a Class A misdemeanor.

(e) Any other offense under this section that causes the death of another is a state jail felony.

(f) Except if an offense causes the death of a student, in sentencing a person convicted of an offense under this section, the court may require the person to perform community service, subject to the same conditions imposed on a person placed on community supervision under Section 11, Article 42.12, Code of Criminal Procedure, for an appropriate period of time in lieu of confinement in county jail or in lieu of a part of the time the person is sentenced to confinement in county jail.

Sec. 37.153. ORGANIZATION HAZING OFFENSE.

Sec. 37.154. CONSENT NOT A DEFENSE. It is not a defense to prosecution of an offense under this subchapter that the person against whom the hazing was directed consented to or acquiesced in the hazing activity.

Sec. 37.155. IMMUNITY FROM PROSECUTION AVAILABLE. In the prosecution of an offense under this subchapter, the court may grant immunity from prosecution for the offense to each person who is subpoenaed to testify for the prosecution and who does testify for the prosecution. Any person reporting a specific hazing incident involving a student in an educational institution to the dean of students or other appropriate official of the institution is immune from civil or criminal liability that might otherwise be incurred or imposed as a result of the report. Immunity extends to participation in any judicial proceeding resulting from the report. A person reporting in bad faith or with malice is not protected by this section.

Sec. 37.156. OFFENSES IN ADDITION TO OTHER PENAL PROVISIONS. This subchapter does not affect or repeal any penal law of this state. This subchapter does not limit or affect the right of an educational institution to enforce its own penalties against hazing.

Sec. 37.157. REPORTING BY MEDICAL AUTHORITIES. A doctor or other medical practitioner who treats a student who may have been subjected to hazing activities:

(1) may report the suspected hazing activities to police or other law enforcement officials; and

(2) is immune from civil or other liability that might otherwise be imposed or incurred as a result of the report, unless the report is made in bad faith or with malice.

Subchapter Z. Miscellaneous Provisions

Sec. 51.936. HAZING.

   (2) a list of organizations that have been disciplined for hazing or convicted for hazing on or off the campus of the institution during the preceding three years.

(d) If the institution publishes a general catalogue, student handbook, or similar publication, it shall publish a summary of the provisions of Subchapter F, Chapter 37, in each edition of the publication.

(e) Section 1.001(a) does not limit the application of this section to postsecondary educational institutions supported in whole or in part by state tax funds.

HONORS AND AWARDS
Class Favorite - The students from each of the classes choose a man and a woman as their favorites. These honorees are presented to the student body on Friday evening at the Homecoming Coronation.
Mr. McMurry and Ms. McMurry - By vote of the members of the sophomore, junior, and senior classes, two members of the senior class are elected as Mr. McMurry and Ms. McMurry. These honorees are presented to the student body at the Homecoming Coronation.
Who’s Who among American Colleges and Universities - Each year nominations are made from the senior class by members of the faculty, with final selection by the University Selection Committee. These McMurry honorees are selected on the basis of scholarship, participation, and leadership in academic and extracurricular activities, citizenship and service to the University, and promise of future usefulness.
Senior Awards - Outstanding seniors are selected each year to receive special awards. They are selected on the basis of high scholarship, religious, moral, and ethical character. These are: the Ginny Carlson Award, given to the outstanding senior woman; the W. Anthony Hunt Award, given to the outstanding senior man; the Harry Soladay Award, given to the outstanding senior man or woman; and the Don Allen Award, given to the outstanding non-traditional senior man or woman.
Organizational Awards – Many students are active participants in student organizations. To recognize the contributions of these students and their organizations, several awards are presented annually.

I.D. CARDS
All students require an I.D. card to use McMurry facilities, to cash a check, to use the library, to attend athletic events, and to eat in the dining hall, etc. New I.D. cards are issued on Move-In Days for new students. Report lost and/or damaged cards to the Student Affairs office in the south wing of President Hall. There is a $10 replacement charge for lost/broken cards. For information about I.D.’s call 325.793.4680. Students with a valid Dyess, ACU or HSU I.D. card do not need a McMurry I.D. Dyess students need to pick up a library card at the library if they do not have a McMurry I.D. card. Office hours to get an ID are M-F, 9am-12pm and 1:30pm-3:30pm.

INTELLECTUAL PROPERTY POLICY
Rationale
McMurry University encourages creative and innovative pursuits by its faculty, staff, administra-tive personnel and students that may lead to patentable processes or inventions and the creation of other forms of intellectual property that may be copyrighted, trademarked, or licensed. It is the intention of McMurry University to provide an intellectual property policy that does not interfere with the pursuit of creative efforts and that protects both the creator’s and the University’s best interests. The policy is intended to apply to the following: all students, full or part-time faculty, staff, and administrative personnel at McMurry University, and to all others who might use
McMurry facilities or resources under the supervision of, or in cooperation with, McMurry personnel for the completion of projects that result in intellectual property.

What is intellectual Property?
Intellectual Property shall include, but not be limited to, any invention, discovery, trade secret, technology, scientific or technological development, computer software, artistic, scholarly or literary production, or publication, that can be copyrighted, patented, trademarked or licensed. This definition extends to all such property developed by students, faculty, staff, and administrative personnel, and to all others who might use McMurry facilities under the supervision of, or in cooperation with, McMurry personnel, when the Intellectual Property results from work associated with and involving the use of McMurry resources, unless otherwise regulated by the provisions of a written agreement between McMurry University and the affected parties. “Faculty,” as used herein, refers to all full-time and part-time or adjunct faculty.

Ownership of Intellectual Property
As a general policy, intellectual property that is the result of activities generally expected of faculty, staff, administrative personnel, or students (such as those related to teaching, creation of artworks, research without benefit of university funds, or course assignments), is owned by its creator. “Creator,” as used herein, includes both the singular and the plural. Intellectual property that results from a specific assignment or commission, that is a “work for hire,” or that involves a significant contribution of university resources in its creation, shall be owned by the university, or as specified in a written agreement between the university and the affected parties. Scholarly works of faculty are not considered a work for hire. A “significant contribution of university resources” is an amount in excess of those resources normally made available to, or provided to, faculty, staff, administrative personnel, or students of the university. McMurry University reserves the right to refuse ownership of intellectual property when it is determined that ownership or management of the property is not in the University’s best interests. If the university relinquishes intellectual property rights and resulting royalties to the creator, the creator will grant to the University a royalty-free, irrevocable, non-exclusive license for the duplication or use of the intellectual property for university purposes.

In situations involving institutional ownership of intellectual property, rights could be licensed to the creator of such property. In cases of creator ownership, rights could be licensed to the University.

Written Agreements
Any written agreement between the University, the creator, and other interested parties regarding ownership and rights to intellectual property must be executed prior to the creation of such intellectual property. If such an agreement will be necessary under the provisions of this policy, it is the duty of the creator to notify the appropriate Department Chair, for faculty or students; or Cabinet member, for all others; of such requirement in a timely manner.

Monetary considerations
In the absence of a prior written agreement regarding the sharing of intellectual property revenues on that property owned by the university, a portion of the net proceeds from the sale or licensing of such property shall be returned to its creator, and to the department or school of which the creator is a member, as either faculty, staff, administrative personnel, or student, according to the following schedule:

1. McMurry University should be initially reimbursed for any expenses or developmental funds contributed to the project;
2. The first $100,000 received shall be paid to the creator;
3. Any receipts in excess of $100,000 shall be allocated, with the creator receiving 80 percent, McMurry University receiving 10 percent, and the department or school of the creator receiving 10 percent, in an effort to encourage innovation and creativity in the future.

University Representative and Appeal Process
The appropriate Department Chair or Cabinet member, as noted above, is the University representative in any negotiations regarding intellectual property rights and ownership according to this policy. If a creator, or other
parties involved in the creation of intellectual property, objects to the application of the policy by the Department Chair or Cabinet member, he or she may request a hearing before an appeal committee chaired by the Vice President for Academic Affairs and consisting of two Department Chairs and two faculty members, for faculty or student appeals; and consisting of one Dean, the appropriate Cabinet member, and two faculty members for all other appeals. After the hearing and review, the committee will forward its recommendation to the President of the University, who will make a final determination of the matter.

Conflict of Commitment
It is understood that faculty, staff and administrative personnel may be experts in their respective fields, and may engage in consulting work outside their University employment, or may be employed by other entities for specific projects. If such activities involve a commitment of McMurry University resources, and if intellectual property may result from these commitments, the affected faculty, staff or administrative personnel should notify their administrative superiors in a timely manner. It is further understood that, if an employee’s primary source of employment is McMurry University, then his or her primary time commitment is owed to the University.

Use of University Name, etc.
The University has an interest in protecting its name, as well as any logos, images and representations that are associated with or symbolic of McMurry. Prior to the use of the university’s name or other image, or reference to the university in intellectual property, permission for such use should be obtained from the Assistant Vice President for Marketing and Communication.

MOTOR VEHICLE REGULATIONS
The following regulations have been formulated to ensure the safety and convenience of the members of the University community and guests. Permission to drive or park a motor vehicle on campus is considered a privilege and not a right.

All motorists must follow all state and McMurry University traffic and parking regulations governing the use of motor vehicles on all parts of the campus throughout all hours of the day or night. It is the responsibility of the students and staff to know and observe these regulations. McMurry University assumes no responsibility for the care and/or protection of any vehicle or its contents at any time that it is operated or parked on the McMurry University campus. The University reserves the right to impound any vehicle which is parked in a manner dangerous to vehicular or pedestrian traffic or which is otherwise in violation of University parking regulations, or to search, for any reason, any vehicle while on campus. Contact Campus Security for a complete listing of all motor vehicle regulations.

Vehicle Registration Permits
1. ALL student, faculty or staff members of McMurry University who operate or park a motor vehicle on campus must obtain a vehicle registration permit at registration or from the Student Affairs office in the south wing of President Hall. Those with valid HSU or ACU stickers do not need a McMurry permit, but DO need to fill out a registration form.
2. A vehicle is properly registered if the appropriate registration permit is in place.
3. Anyone who is going to temporarily operate a vehicle on campus must park in areas across from the campus, such as the Aldersgate United Methodist Church lot, the maintenance lot, and the paved lot across Ross Avenue from the J.W. Hunt Physical Education Center.
4. No fee will be charged for University parking permits.

Parking
General student parking is available (except for limited spaces marked Faculty or Reserved) north of Radford and in the large lot west of the Campus Center. Student parking is NOT allowed in the lots north and east of Maedgen, south of Old Main, west of Chapin, north of the Library, northwest of the Education building, in front of Hunt PE, and south of the Science Building between the hours of 7am and 5pm, Monday-Friday. The lot north of Maedgen has several visitor spaces for visitors who are conducting business in Maedgen. General parking is available
(except for limited spaces marked Visitor or Reserved) north of Radford, in the large lot west of the Campus Center, in the paved lot by Aldersgate United Methodist Church, behind the University Apartments, the gravel lot south of Hunt Street, and the paved lots on Ross Avenue from the J.W. Hunt Physical Education Center. There are handicapped parking spaces near the front of each lot. Only vehicles with handicapped stickers may use these slots. No parking is allowed in red zones or on the grass. **Vehicles illegally parked may be towed at the owner's expense.**

**Persons in violation of parking regulations who do not have a valid parking sticker will have their fine doubled.**

The student should contact McMurry Security regarding any error or question concerning a traffic violation. No appeal on any parking violation will be considered unless such is made within five class days following the date of the citation.

The University charges the McMurry University Security with the responsibility of creating a safe environment by enforcing the University Parking and Traffic Regulations. This enforcement includes the issuance of warning tickets and violation citations. Fines will be paid to the University’s Business Office during normal business hours. When fines are not paid or when there is a clear display of continuous and deliberate disregard for these regulations, specific steps will be taken to ensure compliance of the regulations.

A. If a vehicle is found to have been cited **THREE** times within the year (Fall to Fall) for any type of parking violation, regardless if the citations are paid or unpaid, the following will take place at a third violation:
   1. A citation will be issued; and
   2. An IMMOBILIZATION WARNING NOTICE STICKER will be attached to the driver’s side window.

B. If a vehicle is found to have been cited **FOUR** times within a semester for any type of parking violation regardless if the citations are paid or unpaid, the following will take place at a fourth violation:
   1. The vehicle will be IMMOBILIZED by using a piece of equipment called “THE BOOT”. “THE BOOT” is an IMMOBILIZATION DEVICE that is attached to one of the wheels on the vehicle making it immobilized. Once “THE BOOT” is attached to the vehicle the University Security Department will remove it after a BOOT REMOVAL FEE of $50.00 is paid along with all outstanding parking and traffic fines to the business office.
   2. After “THE BOOT” has been placed on the vehicle, an attempt to notify the owner/operator will be made by the University Security Department. “THE BOOT” will stay on the vehicle for up to **THREE DAYS**. If the owner/operator does not make the necessary arrangements to pay the BOOT REMOVAL FEE and all outstanding parking and traffic fines within three days, the immobilized
vehicle will be towed at the owner’s expense.

C. After a vehicle has been immobilized a second time within a semester, the operator of the vehicle will be provided a written notice stating that he or she is prohibited from operating any vehicle on campus until the end of that semester. If the vehicle is observed operating or parking on campus (legally or illegally), a citation violation can be issued and immobilization and/or towing can occur at the operator’s expense.

D. A vehicle that creates a safety problem/hazard or may endanger the safety of the University community or that is parked illegally in a fire lane, handicapped space or obstructing traffic on a campus roadway is subject to a citation violation, THE BOOT, and/or towing without notice.

E. **Appeals**-student appeals can be made by petitioning the Student Supreme Court within five (5) class days following the date of the citation. Student appeal forms can be obtained in the MSG office in The Nest, Campus Center 111. Faculty & staff appeals shall be submitted in writing, using the appropriate appeals form, to the Human Resources Office (Maedgen, Room 221) within five (5) class days following the date of the citation. The Human Resources Office and the employee’s supervisor will review the appeal and determine whether to uphold or overturn the citation.

F. Faculty & Staff Unregistered Vehicle Policy—If an employee receives a citation for driving an unregistered vehicle to campus, but does normally drive a registered vehicle to campus, the employee must show proof of registration (an employee permit) to the Human Resources Office (Maedgen, Room 221) within 48 hours and the ticket will be dismissed.

**REMOVING, DISABLING OR DAMAGING THE IMMOBILIZATION DEVICE IS A VIOLATION UNDER UNIVERSITY REGULATIONS AND CAN LEAD TO UNIVERSITY JUDICIAL ACTION THAT COULD INCLUDE CRIMINAL PROSECUTION.**

**Speed Limits**
The speed limit on all campus roads is 15 m.p.h.

**STANDARDS OF DRESS**
Neatness and appropriateness of dress are important at all times. McMurry students are given credit for the maturity to decide what to wear and how to wear it. Dress for the occasion and respect the privilege. Therefore, swimsuits are not appropriate campus wear; please wear a cover-up when going to and from the pool.

**STUDENT COMPLAINT POLICY**
Written complaints should contain the following information:
- the complainant’s name and contact information
- a clear description of the problem or complaint
- appropriate supporting documentation that is directly related to the complaint
- a description of any subsequent actions taken by the complainant or the University, and
- a description of the desired outcome.

All written complaints received and copies of any responses will be kept on file in the Student Affairs office. Complaints which are unsigned or are not received in written format (e.g. complaints received by phone or in person) will not be considered. The student complaint form can be found online at [http://student-life.mcm.edu/student-complaint/index.html](http://student-life.mcm.edu/student-complaint/index.html).

The Dean of Students & Campus Life will respond to each complaint within 15 business days of receipt. If no other action was requested, the response will acknowledge receipt of the complaint. If further action is requested, the response will describe the actions to be initiated by the Student Affairs office and any further information from the complainant that may be required.
Academic Matters
Written complaints about grades will follow the Grade Appeal process as outlined in the University Catalog.

GRADE APPEALS
Grade appeals involve disputed course grades. If a student disagrees with the grade received in a class, he or she has the right to appeal using a formal appeal process. Grade appeals deal with the policies, as stated on the course syllabus, by which grades were to be determined. All grade appeals must thus be confined to class policy and the assignment of grades. Concerns or complaints about faculty attitudes, ideas, or behavior should be directed to the chair of the department offering the class or to the Dean of Students. If the chair is the subject of the complaint, the student should speak with the Vice President for Academic Affairs.

The process for appealing a grade must be completed within 30 working days of the posting of the grade in question. In exceptional circumstances (e.g., an instructor being out of town or otherwise unavailable), the Associate Vice President for Academic Affairs for Academic Administration (AVPAA-AA) can extend the 30-day time limit. The process works as follows (except for graduate courses and courses taken in the Patty Hanks Shelton School of Nursing):

1. Within a week of receiving the semester grade report with the grade in question, the student should contact the instructor of the course and determine if he or she reported the grade correctly.
2. If meeting with the instructor does not resolve the dispute, the student can proceed with the complaint by discussing the issue with the chair of the department. Depending on the situation, the chair may request a follow-up meeting to include the student and instructor.
3. If meeting with the chair does not resolve the dispute, the student can appeal to the Associate Vice President for Academic Affairs for Academic Administration (AVPAA-AA). The student must submit documentation to the AVPAA-AA consisting of the following materials: (1) A written statement of the issue and chronological review of past attempts to resolve it with the instructor and department chair; and (2) additional pertinent documentation in support of his or her argument, including a copy of the course syllabus and specific assignments or course work related to the complaint.
4. If necessary, the AVPAA-AA will seek additional information from the instructor and other relevant sources. The AVPAA-AA will deny or uphold the appeal within 10 working days of receiving the information.
5. If either the student or the instructor wishes to appeal the AVPAA-AA’s decision, a written request to that effect should be sent to the chairperson of the Student Appeals Committee within two working days. The chairperson will contact both student and instructor to set a meeting for the appeal before the committee. The chairperson will request all materials pertinent to the appeal from the AVPAA-AA, and will disseminate those materials to the members of the Student Appeals Committee at least five working days prior to the scheduled meeting.
6. At the appeal before the Student Appeals Committee, both student and instructor, in turn, will have no more than five minutes each to provide any other supporting materials or to make a statement. Both will be questioned by the members over the materials placed before them as well as over the individual statements of the student and the instructor for a period not to exceed twenty minutes. Time limits may be modified or waived by a vote of the committee membership. Then, both student and instructor will be excused and the Student Appeals Committee will vote on the matter. A simple majority vote is required either to uphold or to deny the appeal. The student, instructor, chairperson, AAVP-AA, Vice President for Academic Affairs, and Registrar (if necessary) will be notified in writing of the decision within three working days.
7. Grade appeals related to academic dishonesty (cases wherein students have been penalized by an instructor for having cheated on any assignment) fall under the same procedures as described above.
8. Grade appeals in academic programs that do not fall under the divisions of the University (e.g., developmental courses) should be handled in this order: the instructor, the program director, the AVPAA-AA, and the Student Appeals Committee.
9. Decisions of the Student Appeals Committee are final, and cannot be further appealed.
Non-Academic Matters
Written complaints about administrative or other student services should be directed initially to the appropriate office but may be submitted to the Student Affairs office if satisfactory resolution is not achieved. Appropriate documentation would include copies of any relevant contracts, notices, or other official or informal correspondence with the office or other University personnel.

SMOKING AND TOBACCO USE POLICY
All buildings on the campus of McMurry University are tobacco free. Tobacco is defined as all tobacco-derived products, including and not limited to, cigarettes (e.g., clove, bidis, kretexes), electronic cigarettes, cigars and cigarillos, hookah smoked products, pipes, and oral tobacco (e.g., spit and spitless, smokeless, chew, snuff) and nasal tobacco (e.g., snus). It also includes any product intended to mimic tobacco products, contain tobacco flavoring, or deliver nicotine other than for the purpose of cessation.

Smoking, dipping, or chewing any form of tobacco as defined above is not allowed in any building on campus. Smoking is not allowed within twenty (20) feet of an entrance of any building on campus. (Complies with the City of Abilene Ordinance, Chapter 10, Article III, Division 2, SMOKING of the Code of the City of Abilene.) Designated areas have been established for students to smoke outside of the buildings. In accordance with university and NCAA rules and regulations, the use of tobacco at any athletic event is prohibited.

UNIVERSITY CATALOG
The University catalog is published every year. It is, in effect, an agreement between the student and the University. It contains vital information concerning academic requirements, financial charges, deadlines, and other regulations of McMurry. The student is responsible for being familiar with all of this information.

2. McMurry University Security Department Authority and Jurisdiction

Campus Security acts as agents of the University in enforcing the policies of the University. They do not have the authority to arrest individuals. Campus Security maintains a good working relationship with the Abilene Police Department and calls them for assistance as needed.

All security members, students, faculty and staff are encouraged to report safety and policy violations promptly to appropriate agencies. The Student Affairs Office is responsible for coordinating all security matters and will monitor the program.
3. McMurry Security Department Location and Contact Information,
   • McMurry University Security office is located in President Hall at 2249 Sentinel Drive
   • Contact information:
     o Phone: (325) 793-4666
     o Email: security@mcmurryadm.mcm.edu
   • There are six emergency call stations, each illuminated with blue lights, stationed throughout the campus. Each call station has a button which automatically connects to the Security officer on Duty with the touch of that single button.

4. General Procedures for Reporting a Crime or Emergency
   Police, Fire or Medical Emergencies may also be reported to the City of Abilene 911 Call Center by dialing 911. All 911 calls originating from campus phones are also reported to McMurry Security by the Abilene 911 Center for immediate response by APD personnel and other emergency service personnel as needed.

   Victims of off-campus crimes or incident may report the offense to the Abilene Police Department at 325-673-8331 or 911. Students who are victims of off-campus crimes or incidents may also contact McMurry Security for assistance with the APD reporting process.

5. Confidential Reporting Procedures,
   Victims of crime who do not wish to pursue their matters through either the criminal justice system or the university’s judicial system, are still encouraged to file confidential reports with the McMurry Security Department.
   With a victim’s permission, the Director of Security or his designee can file a report detailing the incident while protecting the reporting party’s identity. The filing of confidential reports accomplishes two purposes: 1) addresses the anonymous victim’s future safety, and 2) By being informed about the incident, the McMurry Security Department can more accurately quantify crimes and determine patterns of activities; such analysis can be a factor in McMurry Security decision to issue Timely Warnings and create an reactive plan of action to bring a halt to the reported criminal activities. Crimes reported confidentially are included in McMurry’s Annual Crime and Fire Safety Report.

6. Missing Student/Persons Procedures
   McMurry University is committed to creating and maintaining an environment which promotes the safety and well-being of its students. To this end, the University established the following policy and procedure to identify and assist enrolled McMurry students who reside in on-campus housing and who have been reported missing for more than 24 hours. This policy is enacted in compliance with the requirements outlined in the Higher Education Opportunity Act of 2008.

   • At the beginning of each academic year, McMurry Residence Life Staff will inform students residing in on-campus housing that McMurry will notify either a parent or an individual selected by the student no later than 24 hours after the time the student is determined to be missing. This information will include the following:

- McMurry University will follow the following notification procedure for a missing student who resides in on-campus housing:

Any information regarding a suspected missing student provided to the Housing Office or the Student Affairs Office will be immediately reported to McMurry Security.
  - Once McMurry University receives a missing student report via the Student Affairs Office, McMurry Security, Housing Office or other source, the following offices will be notified:
    - McMurry Security
    - Student Affairs Office
    - Housing and Residence Life Office
    - Vice President for Academic Affairs
    - MERT person on duty
  - Any official missing person report relating to this student shall be referred immediately to McMurry Security.
  - If McMurry Security, after investigating the official report, determines the student has been missing for more than 24 hours, McMurry University will contact the individual identified by the student, the custodial parent or legal guardian if the student is under 18 and not emancipated, or local law enforcement if these do not apply.

- Upon notification from any entity that any student may be missing, McMurry University may use any of the following resources to assist in locating the student. These resources may be used in any order and combination.

  - If there is any indication of foul play, the local police department will immediately be contacted for assistance.

7. **Crime Prevention and Awareness Programs**
   1. During fall orientation, all new freshmen are briefed on security, safety and the prevention of crimes.
   2. During each opening residence hall meeting, this information is reinforced.
   3. During the school year, programs are presented to students and employees on how to protect themselves from crime on campus.
8. Emergency Notifications, Timely Warnings & Alerts
The McMurry Security Department strives to keep the campus and campus community safe. An important tool McMurry Security uses is informing the campus community about certain situations or events on or near campus and that could pose an ongoing or continuing threat to the campus or the McMurry community.

Emergency Notifications:
Should a situation arise either on or near campus that, in the judgment of the McMurry Security Director of Security or his designee, constitutes an ongoing or continuing threat to the campus or campus community, a campus wide “Emergency Notification” alert will be issued through the university’s campus e-mail system and the McMurry ALERT text messaging system. These messages will be sent to all students and faculty/staff members. McM Alert will be used to communicate important information during any potential emergency, such as a snow delay or closing, homeland security advisory, weather warning, gas leak, fire, crime watch, or power failure.

When possible, Emergency Notifications and Timely Warnings (discussed below) will also be distributed and displayed in prominent locations on campus including entrances to residence halls, academic buildings and the Garrison Campus Center.

Appropriate follow-up including information about the situation’s further evolution or resolution will also be disseminated as soon as possible.

Timely Warnings:
In similar fashion, anytime that the McMurry Security Director or designee determines that a Clery Act reportable crime has occurred on or near the McMurry campus, non-campus facilities, or within other Clery defined applicable geography pertaining to campus, which in the judgment of the McMurry Security Director or his designee, could pose an ongoing risk to the campus community, a “Timely Warning” will be distributed. The Clery related Timely Warnings will be distributed primarily through the McMurry email system and/or McMurry ALERT. Additionally, Clery related Timely Warnings may also be announced via the university student newspaper and postings of flyers at residence halls, academic buildings, and the Garrison Campus Center. Clery related Timely Warnings will be issued as timely as possible after confirmed information becomes known to McMurry University Security or appropriate university officials and will be updated as necessary to provide current information. The Timely Warning will detail the facts known as to what occurred, where it occurred (as reasonably possible without inadvertently identifying victims, i.e. “at a residence in the 2200 Block of S 14th St …” as opposed to “…at 2218 S 14th St, Abilene, TX.”) Additionally, the Timely Warning will provide information related to the elements of the crime committed and general safety and awareness information that members of the campus community can use in their personal efforts to prevent becoming a victim of a crime. Timely Warnings will be updated whenever new and confirmed information is received that would serve to expand or resolve the warning situation.

Because of their wider scope, not every Emergency Notification will trigger a simultaneous Timely Warning. Likewise, not every Timely Warning will automatically generate an accompanying Emergency Notification.

9. Access to Campus Facilities
A. McMurry University Campus Security provides campus security. The major responsibility of Campus Security is to keep the residence halls and campus Crime free and safe for our students. Security is always watching for any problems with campus facilities and will call required maintenance if needed.
B. During normal business hours, the University (excluding Residence Halls) will be open to students, parents, employees, contractor, guest, and invitees.
C. Access to campus facilities after hours is limited to those with proper identification or authorization. University housing staff controls entrance into the halls after hours and watches for any safety threats to residents. University housing will alert Security of any significant problems.
D. Residence Halls are secure 24 hours a day. Access to these residence Hall is limited to the residence of the halls by way of our aces control system which utilizes the university ID’s. Residence Hall staff grants
10. Alcohol/Drug Policies and Information

McMurry University strongly supports the provisions of the Drug-Free Schools and Communities Act Amendments of 1989 (Public Law 101-226). The following information is provided at least annually to all students and employees of the University under the “Drug Free Schools and Campuses” portion of the above stated law.

Standards of Conduct. As clearly stated in the McMurry University Student Handbook, the use, possession or distribution of alcohol and illegal drugs is prohibited on the McMurry University campus. The McMurry University Faculty Handbook reinforces this policy for employees.

Legal Sanctions. Texas legal sanctions for the unlawful possession, use, or distribution of illicit drugs and alcohol vary from class C misdemeanors with fines not to exceed $200.00 to felonies of the first degree with confinement for life.

Federal sanctions closely parallel those of Texas. More detailed information is available on request from the Student Affairs Office or the local police department. McMurry University will cooperate with all law enforcement agencies in the investigation of drug and alcohol abuse.

Health Risks. Health risks associated with the use of illicit drugs and the abuse of alcohol vary a great deal and are much too numerous to list here. The bottom line is the risk of death as a result of abuse. Detailed materials are available through the Student Affairs Office or the Health Services Office.

Drug and Alcohol Counseling. Counseling is available through Counseling Services, Health Services, and Religious & Spiritual Life. Publications and lists of materials are available in the library for student and employee use. Referral to treatment and rehabilitation programs, as well as to other community counseling services, is available in the Counseling Services office. All requests will be kept confidential.

University Sanctions. Any student who is found responsible for violating drug policies as outlined in the Student Code of Conduct may be suspended or expelled from McMurry University. Any student athlete found responsible of violating drug policies as outlined in the Student Code of Conduct may also be subject to loss of eligibility under NCAA rules and regulations. Any employee found responsible of the same offense faces disciplinary action up to immediate termination of employment. Alcohol abuse is punishable by disciplinary action up to, and including, expulsion.

The Student Handbook, staff, and faculty handbooks outline the University’s policy on drug and alcohol abuse. A biennial review will be conducted by McMurry University to ensure the abuse program is effective and stated sanctions are consistently enforced. Changes will be implemented as needed. Questions should be directed to the Student Affairs Office.

11. Campus Sex Crimes Prevention Act

The University Nurse attempts to promote awareness in preventing rape, acquaintance rape, and other forcible and non-forcible sex offenses by providing programs and literature for the campus community. Orientation programs for new students cover campus security and discuss ways to avoid situations where sex crimes might occur. Residence hall meetings stress personal safety and the importance of watching out for each other. Seminars are held for students and staff during the year.

Students should report any sex offense immediately to their Residence Director, Resident Assistant, and University Nurse or the University Chaplain. Any evidence for the proof of a criminal offense should be protected and reported to Campus Security. The student has the option to notify proper law enforcement authorities to report sex crimes. Campus Security or other University staff is always ready to help in the notification process if
Counseling Services, Health Services, and the University Chaplain are available for on-campus counseling and will refer, as requested or needed, to off-campus counseling. Victims of sex offenses can be assured that all contact with University staff will be kept in strict confidence.

Registration of Sex Offenders
The “Campus Sex Crimes Prevention Act” is a federal law enacted on October 28, 2000 that provides for the tracking of convicted, registered sex offenders enrolled as students at institutions of higher education, or working or volunteering on campus.

This act amends the Family Educational Rights and Privacy Act of 1974 to clarify that nothing in that Act may be construed to prohibit an educational institution from disclosing information provided to the institution concerning registered sex offenders and requires the Secretary of Education to take appropriate steps to notify educational institutions that disclosure of this information is permitted.

Information about registered sex offenders may be found on the Texas Department of Public Safety web page at: https://records.txdps.state.tx.us/DPS_WEB/Sor/index.aspx

Every effort will be made to try and ease the trauma for the victims of sex offenses. Changes in academic schedules and campus living arrangements will be made if requested by the victim if these options are reasonably available. Judicial action as outlined in the Student Handbook will be taken against those found in violation of sex offenses. The complainant and the accused are entitled to the same opportunities to have others present during conduct procedures. Both the complainant and the accused shall be informed of the outcome of any conduct action taken by the University (in accordance with the Student Code of Conduct). Judicial action taken regarding rape, acquaintance rape, or other forcible or non-forcible sex offenses can lead to actions up to and including expulsion from the University.

13. Emergency Response and Evacuation Procedures

Emergency Response
The McMurry Emergency Response Team (MERT) has been established to respond to all emergency situations that occur on campus and affect the McMurry community. MERT consists of the University President, Vice President for Academic Affairs, Associate Vice President for Facilities and Campus Planning, Dean of Students & Campus Life, Director of Security, and a marketing staff member.

McMURRY EMERGENCY RESPONSE PLAN

In a life-threatening emergency call 911
Report all campus emergencies to McMurry Security.
(325) 793-4666

Evacuation Information
Evacuate the building using the nearest exit or alternate if nearest exit is blocked.
Do not use elevators!
Take all personal belongings (keys, purses, wallets, etc.).
Secure any hazardous materials or equipment before leaving.
Follow directions given by the Building Emergency Communication Person.
If you need assistance establish procedures in advance with Disabilities Services, your instructor or classmates.
Tornado Preparedness

- Listen to your radio or TV. A tornado “watch” tells a person to go about their business, but to keep an eye on the sky and in touch with weather statements. A tornado “warning” tells people of an actual sighting or radar indication and urges those “in the danger path” to take immediate cover. If Abilene is in immediate danger – take immediate shelter.
- When a warning is issued for the immediate area, take cover. If you have limited time, the basement or an interior hallway on a lower floor is safest. Upper stories are unsafe. If there is no time to descend, a closet or small room with stout walls or an inside hallway will give some protection against flying debris. Otherwise, hide under some heavy furniture. In all cases try to stay away from windows of any type.
- If there is adequate time you should go to one of the following shelters during the school day: Library basement, Campus Center AEC, Bookstore, Campus Center 113, Radford, Gold Star, or Education building basement.
- If you are caught outside, move away from a tornado’s path at right angles. If there is no time to escape, lie flat in the nearest depression, such as a ditch or ravine. If you are in a car, get out and lie in a ditch if possible.

University Housing

If possible, Campus Security will notify the staff in Residence Life and direct them to implement tornado-warning procedures. Generally, students in university housing should move immediately to the lower hallways. Lower floor residents will take mattresses to help protect individuals from debris. Students should stay away from the lobby and lounge areas. If there is no time, and you are unable to descend to a lower floor, you should go immediately into the hallway and protect yourself with your mattress.

MCMURRY STUDENT GOVERNMENT
McMurry Student Government (MSG) consists of members of the Student Association who are elected to act as the voice of the students, legislate, and strive toward improving campus life on behalf of the Student Association to whom they represent. By acting as the voice of the Student Association, MSG is to communicate to the administration, faculty, and other organizations both on and off campus the message of students. By legislating, MSG works toward refining the policies and regulations of the University and the Constitution to accommodate the changing needs of the Student Association. By striving toward bettering campus life, MSG creates and organizes events and activities for the general student body.

STUDENT PARTICIPATION IN INSTITUTIONAL DECISION-MAKING

Most standing University committees have several students serving on them to provide input into the decision making process. These students are normally appointed by each committee at the start of the school year. McMurry Student Government appoints students to various Board of Trustee committees for the fall and spring meetings. In addition, at various times during the school year, open forums are conducted by the president and other University officials to gain student input and feelings on issues as they arise. McMurry Student Government interacts with the administration throughout the school year on student concerns and needs.

STUDENT ASSOCIATION OF MCMURRY UNIVERSITY

The Student Association is composed of all McMurry students enrolled for at least 12 semester hours. Those carrying less than twelve semester hours are affiliate members of the Student Association.

MSG is always happy to hear the ideas and feelings of students. Suggestions can be brought by the MSG office in The Nest of the Garrison Campus Center at any time.

Some of the activities involving the MSG include sponsoring various social activities, planning Homecoming, creating better relations between McMurry and other colleges, providing for student elections, assisting in Student Preview, participating in various conferences, financing activities of the Student Association, and representing student opinions on campus issues.

E. By the third session of the Senate each fall semester, each student organization must report the names of its officers and faculty advisors to the Organizations Committee. Organizations may limit their membership to one gender if they justify such limitations in their constitution and that constitution is not rejected by either the Organizations Committee or the Senate.

CAMPUS LIFE

STUDENT CLUBS AND ORGANIZATIONS
Through active involvement in University activities, students benefit themselves as well as McMurry. There are many different organizations at McMurry, each with different objectives. Take a moment to look at the different choices available. Students, who are interested in any of these organizations, should not hesitate to stop by the Engagement Office in the Campus Center or MSG Office in The Nest to obtain more information. Also, look for information booths of the different organizations throughout the semester. Students can join most student organizations at any time during the year; simply attend a meeting or call the Campus Center. Students who have a special interest that isn’t already a focus of a student organization have the opportunity to create a new student organization. One of the most important factors in modern liberal arts education is the education students receive from each other. Whatever a student’s interests, whether academic or extra-curricular, there are student organizations eager to welcome you to membership. These groups offer opportunities for service, professional growth, and social life.

McMurry encourages students to associate with recognized organizations. Becoming and remaining a recognized Student Organization at McMurry has many privileges. Besides the student camaraderie, the organizations may:

1. schedule and use University facilities, equipment, and services for purposes related to organizational goals;
2. conduct fundraising events among students with proper approval from University staff;
3. establish dues to acquire funds that will be used for purposes beneficial to the organization and its members;
4. participate as a group in University events;
5. invite speakers and sponsor activities;
6. recruit new members from the student body within the established guidelines;
7. receive information and resources necessary to function appropriately and effectively as an organization; and
8. properly and appropriately use the University mailing address and/or name.
There are specific responsibilities and expectations that accompany the student privilege to organize. In order to
obtain and maintain recognition, an organization’s goals, purposes, values and behavior are to be consistent with
the goals and values of McMurry. This means that student organizations, through their activities and actions, are
expected to always meet the following responsibilities:
• respect normal University operations (i.e. class schedules, movement of traffic, etc.).

the Abilene area.

McMurry University has social clubs (fraternities and sororities) for men and women. The primary goals of the social clubs are high scholarship, leadership, friendship, wholesome social activities, and the development of individual responsibility. Social club membership opens the door to the enjoyment and responsibility that comes from active participation in all areas of University life. The close friendships made during the University years are those which last far beyond graduation and the boundaries of the campus.

During late fall and early spring semester, the social clubs have a period known as a “rush” to secure new members. During a series of planned events, interested students are given an opportunity to become acquainted with other club members. **TO BE ELIGIBLE FOR MEMBERSHIP, ONE MUST BE A FULL-TIME STUDENT, HAVE ATTENDED McMURRY AT LEAST ONE SEMESTER AS A FULL-TIME STUDENT (12 semester hours), AND HAVE A 2.0 GPA OVERALL FOR WORK COMPLETED AT McMURRY.** Additional information concerning any aspect of rush and/or social clubs may be obtained from the Student Affairs Office.

FIRST YEAR EXPERIENCE PROGRAM
• Location: Old Main 203 C
• Website: http://academics.mcm.edu/first-year/
• Telephone: (325) 793-3844
• Email for Director: martinc@mcm.edu

The cornerstone of McMurry University’s first year experience is to help develop a network of relationships that prepares you for academic and personal success, emphasizing a life of leadership and service. McMurry is dedicated to a first year experience that helps you become part of the McMurry community with both in and out of class opportunities.

The goals of the first year experience are to help you:
• Become more self-aware,
• Learn how to interact with and relate to others,
• Develop academic competence and confidence,
• Learn to understand what it means to be a citizen of a multicultural community that includes a globalized world, and
• Engage in opportunities for leadership, service, and involvement.

As part of the First-Year Experience program, all first-year students are required to enroll in a First Year Seminar, ACAD 1340. The First Year Seminar is not necessarily tied to a specific major, so you should feel free to explore a topic that truly interests you. Class size is small so you can benefit from working closely with a faculty mentor and your peers. In addition, your professor will be your initial academic advisor at the University. Each seminar also has a friendly and helpful McMurry student who will serve as your Peer Leader.

THE ORIENTATION TEAM: ORIENTATION LEADERS & PEER LEADERS
One of the best ways to share your fantastic experience at McMurry is to become part of the Orientation Team. The Orientation Team is an interactive powerhouse that consists of the Orientation Leader and Peer Leader positions. Both positions serve as a leader to new students and their families during Student Orientation And Registration (SOAR) and War Hawk Welcome Week. However, the Peer Leader also serves as a mentor throughout the First Year Seminar program, which requires additional responsibilities.

Orientation Team members, selected for their leadership and scholastic ability, campus involvement, enthusiasm, and strong character, are one of the best-trained student leaders on campus. Many students say that being an Orientation Leader/Peer Leader is one of the most memorable and rewarding experiences, they had at McMurry! Contact the Student Engagement or First Year Experience Offices for more information.

BAND
Membership in the McMurry Band, approximately 60 students, is open to all students with an instrumental background. The band plays an important part in college life and furnishes music for athletic events and other important campus activities. The band also takes a tour during the spring semester. If interested in participating in
band, please contact the Director of Bands at ext. 3837.

CHANTERS
The McMurry Chanters is a mixed choral ensemble open to music majors and other students through audition. This group performs several times each semester and takes an extended tour in the spring semester. The Chanters’ repertoire includes accompanied and unaccompanied selections from various musical periods and styles. There are several other instrumental and vocal ensembles available to students. Persons interested in participating in ensembles can receive information by contacting the Director of Choral Activities at ext. 3834.

McMURRY SPIRIT TEAMS
The McMurry Talons Dance Team and War Hawks Cheerleaders are the spirit and tradition of the students. As ambassadors of the University, these spirit teams support all athletic events and promote enthusiasm and spirit throughout campus. Go War Hawks!

THEATRE
The McMurry Theatre Department produces 4-7 major productions during the academic year. A wide variety of plays are presented from classical to modern. Each year features a major Homecoming musical. Play auditions are open to all students and are advertised on posters across campus.

PUBLICATIONS
Galleon – The literary magazine, Galleon, each spring publishes a number of the best essays, poetry, short stories, and other literary efforts produced by the campus community. Photographs and other art works are also welcomed for illustrations in the magazine. Students and faculty members interested in creative writing are invited to contribute to this magazine, which is edited by students and published under the auspices of the Department of English. Anyone interested in working with the production of the magazine is invited to join the staff.
Talon – McMurry University annual yearbook.
War Hawk Herald – The campus bi-monthly newspaper keeps the campus informed and in touch with activities pertaining to students. Student written articles and photographs are used. Anyone interested in working with the staff are welcome to apply with Marketing and Communications.

ATHLETICS
The purpose of athletics at McMurry University is to provide an opportunity for students to compete in intercollegiate sports in an educationally sound environment. The athletics program should be properly administered in such a way that athletics remains in keeping with the University’s liberal arts tradition. Athletics should be part of the total educational process and there should be a broad base with an equality of opportunity for men and women with an emphasis on participation for the enjoyment and love of the game. The program creates a rallying point for students, faculty, and alumni while still enhancing educational values. It is understood that, while striving to be competitive, institutional integrity should never be sacrificed for the sake of athletic victory.
Athletics at McMurry exists within the educational mainstream of the University and is administered with the same controls, budgetary procedures, and program responsibility as any other academic administrative function. McMurry offers several intercollegiate sports teams: football, women’s volleyball, women’s and men’s basketball, women’s and men’s golf, baseball, women’s and men’s cross country, women’s and men’s tennis, women’s and men’s swimming, women’s and men’s track and field, and women’s and men’s soccer.

Students may attend any regular season McMurry athletic event held on our campus at no charge by presenting their student id.

At the beginning of each fall semester students gather with the faculty, who are in academic regalia, in Radford Auditorium to hear the President of the University in an address opening the new University year.

Homecoming
The McMurry experience is expressed in many ways throughout the year, but Homecoming is all about McMurry tradition. Students treasure these aspects of the University’s life and they become a vital part of their McMurry experience and memory long after graduation.
Each year McMurry Student Government (MSG) and the Alumni Association plan a full program of activities to welcome and honor the hundreds of alumni who return to the campus. This is one of the richest traditions at McMurry. Activities begin in Wah Wahtaysee Park with the Sunset Ceremony in Tipi Village.
By mid-morning on Friday, Wah Wahtaysee Park is filled with Tipis erected by the various University organizations. Awards are given during the weekend for the most authentic. Tipi Village is viewed by many area elementary students as they get to know about the history of many Native American tribes.

On Friday evening, McMurry students celebrate the coronation of Mr. and Ms. McMurry.

After the coronation, the beating of the drum begins and is continued by the freshman class. The freshman class is responsible for continuing the tradition of the constant beating of the drum until kick-off at the Homecoming football game.

**Fall Festival**
Sponsored by the Campus Activities Board (CAB) and held each year in the fall semester. Fall Festival is typically an outdoor event where you can expect to see food trucks, roasted corn, inflatables, face paint, music, and more!

**Halloween at McMurry**
Each year McMurry Student Government (MSG) and Residence Life host Halloween at McMurry the Tuesday before the week of Halloween for the Abilene community. Student organizations volunteer to host a variety of booths for young kids to play. There are also Residence Hall tours where college students sign-up to pass out candy to Abilene youth.

**Lighting of Old Main**
Old Main is decorated with lights each year as the holiday season kicks off. The campus community comes together to join in fellowship; decorate sugar cookies; enjoy a hot chocolate bar; and sing Christmas Carol favorites.

**Late Night Breakfast**
Hosted by the Division of Student Affairs, faculty, staff, and administrators volunteer to serve our student body the Sunday before finals kick-off in the fall and spring semesters. The Late Night Breakfast is free to all students with a valid Student ID.

**Final Ala Cumba**
Sponsored by the McMurry Alumni Association and held on November 1st of each year. All Saints Day, McMurry’s Final Ala Cumba is a ceremony honoring the memory of McMurry graduates and employees who have died in the previous year. The event takes place near the center of campus at the Sacred Wind statue. A roll of names is called and flowers are placed at the statue’s base as a tribute.

**I Heart McM Week**
The week of Valentine’s Day the McMurry Student Foundation (MSF) sponsors various events highlighting the importance of staying involved as alumni and educating students about generous alumni. Events culminate in our “Thank a Donor” day where students celebrate donors by signing a Thank You banner and post cards.

**McMurry Serves**
Every year in the early part of second semester the McMurry Alumni Association hosts events all over the state of Texas and throughout the U.S. for alumni to give back to their communities. These community service events all take place on the same date and bring together McMurry students, faculty, staff, alumni, families and friends. Student groups including scholar-athletes from many teams participate side-by-side with alumni for this impactful day.

**T.I.P. Sing Song**
Sponsored by the oldest women’s social club on campus, Sing Song is an opportunity for campus organizations to display their talented singing, costumes, and choreography in group presentations.

**Presentations**
Soon after spring rush, the Women’s Interclub Council and all women’s social clubs have a formal presentation of their new pledges, associates and affiliates. This is one of many highlights for a pledge.

**Ring Ceremony**
Each April, McMurry’s Official Ring Ceremony is held at which students are presented with the official University ring. Students may order a ring during the Spring Semester in time for the ceremony. Students, Alumni Association representatives and the University President typically speak at this special ceremony.

**Basketball Tip Off Rally**
The Basketball Tip Off Rally is the official beginning of McMurry’s basketball season. Prizes, games and a presentation of members of the men’s and women’s teams are made during the rally. Go War Hawks!

**Spring McMadness**
Campus Activities Board (CAB) sponsors Spring McMadness during each spring semester. Inflatable games, booth and lots of food are provided to all McMurry students. It is held on the McMurry quad.

**Spring Thing**
MSG provides Spring Thing during the spring semester of each year. Most events are free and include many activities. Events are open to all students of the University.
STUDENT CODE OF CONDUCT

Introduction

Consistent with the United Methodist Church philosophy and principles, McMurry University is strongly committed to the development of the student and promotion of personal integrity and self-responsibility. Students enrolling at McMurry become citizens of the community and are entitled to enjoy the privileges and assume the responsible obligations associated with this affiliation. Since the rights of all students are protected, and an atmosphere conducive to intellectual and religious development, personal growth, and community association are to be promoted, standards and guidelines on student behavior are necessary. This Student Code of Conduct is intended to outline certain responsibilities and expectations of McMurry students and assist the students to understand their role in the academic community. A student who enrolls at McMurry University is expected to conduct himself/herself in a manner compatible with the University’s function as an educational, church-affiliated institution; to adhere to University policies; to show respect for properly constituted authority; and to observe correct standards of conduct. It is the student's responsibility to be knowledgeable about all University student conduct policies.

Any student or organization that engages in conduct that is prohibited by the University is subject to judicial action whether such conduct takes place on or off the campus or whether civil or criminal penalties are also imposed for such conduct. Furthermore, a student is subject to judicial action for prohibited conduct that occurs while participating in off-campus activities sponsored by the University, or University organizations, including, but not limited to: field trips, internships, socials, training exercises, pledging, rotations or clinical assignments.

Violations of the McMurry Student Code of Conduct are referred and adjudicated through the Student Affairs Office under the direction of the Dean of Students & Campus Life. This version of the Student Code of Conduct is accurate only to the publication date of the Student Handbook. Updates and revisions are available each semester (if applicable) from the Student Affairs Office and the McMurry Student Government Office.

Judicial Authority

The Dean of Students & Campus Life has jurisdiction over all alleged violations of the McMurry University Student Code of Conduct and determines which judicial body shall be authorized to hear each case. Additionally, the Dean of Students & Campus Life shall develop policies for the administration of the judicial program and procedural policies for the conduct of hearings which are consistent with provisions of the Student Code of Conduct. Decisions made by a judicial body and/or Dean of Students & Campus Life shall be final, pending the normal appeal process.

At the discretion of the Dean of Students & Campus Life, a judicial body may be designated as arbiter of disputes within the student community in cases which do not involve a violation of the Student Code of Conduct. All parties must agree to arbitration and to be bound by the decision with no right of appeal.

Proscribed Conduct

A. Jurisdiction of the University

Generally University jurisdiction and discipline shall be limited to conduct which occurs on University premises or which adversely affects the University community and/or the pursuit of its objectives. The University reserves the right to adjudicate conduct violations of McMurry University students, clubs, or organizations which has taken place off-campus or is associated with an event sponsored by any member of the University community.

B. Conduct - Policies and Regulations
Any student found to have committed the following misconduct is subject to the conduct sanctions outlined later in this document.

    b. Furnishing false information to any University official, staff or faculty member or office.
    c. Forgery, alteration, or misuse of any University document, record, or instrument of identification.
    d. Tampering with the election of any University recognized student organization.

102. **Disruption of Activities/Events.** Disruption or obstruction of teaching, research, administration, disciplinary proceedings, other University activities, including its public-service functions on or off campus, or other authorized non-University activities, when the act occurs on University premises; participation in a campus demonstration which disrupts the normal operations of the University and infringes on the rights of other members of the University community; leading or inciting others to disrupt scheduled and/or normal activities within any campus building or area; intentional obstruction which unreasonably interferes with freedom of movement, either pedestrian or vehicular, on campus; and/or obstruction of the free flow of pedestrian or vehicular traffic on University premises or at University-sponsored or supervised functions.

103. **Physical Abuse.** Physical abuse and/or assault and/or other conduct which threatens or endangers the health or safety of any person.

104. **Theft and/or Property Damage.** Attempted or actual theft of and/or damage to property of the University or property of a member of the University community or other personal or public property including residence hall furniture.
Hazing. Hazing, defined as any action taken or situation created, intentionally or unintentionally, whether on or off campus, to produce mental, physical, or psychological discomfort, embarrassment, harassment, or ridicule; or which threatens the safety of the student, or which destroys or removes public or private property, for the purpose of initiation, admission into, affiliation with, or as a condition for continued membership in a group or organization. Such activities may include, but are not limited to the following: use of alcohol; paddling in any form; creation of excessive fatigue; quests, treasure hunts, scavenger hunts, road trips or any other such activities carried on outside or inside of the confines of the University; wearing of public apparel which is conspicuous and not normally in good taste or perceived humiliating or embarrassing; engaging in public stunts and buffoonery; morally degrading or humiliating games and activities; and any other activities which are not consistent with social club law, ritual or policy or the regulations and policies of McMurry University (see State of Texas hazing law).

Failure to Comply. Failure to comply with directions of University officials or law enforcement officer acting in performance of their duties and/or failure to identify oneself to these persons when requested to do so.

Unauthorized Use of Facilities. Unauthorized possession, duplication or use of keys to any University premises or unauthorized entry to or use of University premises.

Bicycles, Roller Blades, Skateboards and Hover Boards. Riding bicycles, roller blades or skateboards in buildings or left in hallways, staircases, or lounges; unsafe or mischievous cycling, skateboarding or roller blading on campus.

Published Policies and/or Federal, State, or Local Laws. Conduct which could be interpreted as a violation of federal, state or local law on University premises or at University sponsored or supervised activities; or violation of published University policies, policies or regulations including, but not limited to, Residence Life policies; or actions not specifically covered that cause disruption of University life or bring embarrassment to the University.

Illegal Drugs and Substances. Use, possession, constructive possession, sale, manufacturing, delivery, or distribution of narcotics, drugs, synthetic drugs/substances, medicine prescribed to someone else, chemical compounds, or other controlled substances or drug-related paraphernalia (except as expressly permitted by law) on campus; use of narcotics, drugs, synthetic drugs/substances medicine prescribed to someone else, chemical compounds, or other controlled substances or drug-related paraphernalia (except as expressly permitted by law) before, during, or immediately after an official function of any University organization on or off campus.

Alcohol Use and Possession. Use, possession, constructive possession, sale, or distribution of alcoholic beverages on campus; consumption of alcoholic beverages before, during, or immediately after an official function of any University organization on or off campus; public intoxication; and/or possession of alcoholic containers, whether open or closed, full or empty. Alcohol paraphernalia including, but not limited to: shot glasses, funnels, and implements of drinking games.

Constructive possession occurs when a student is in close proximity to prohibited items and a hearing determines that it is reasonable the student(s) was aware of their presence, and those items could have belonged to them and/or were intended to be used/consumed by them. NOTE: Residential students have a responsibility to know what their guests bring into their campus residence and are responsible for prohibited items of which their guests are in possession. If a resident discovers prohibited items, such as alcohol or illegal drugs, belonging to his or her roommate(s) in their shared residence, he or she is expected to report this information to Campus Security or to the Resident Assistant responsible for his or her community.
Medical Amnesty Policy: McMurry University values student health and safety, and creates an environment where every member of the community is encouraged to care for one another. We encourage students to seek medical assistance if their life or one of their fellow students’ lives may be in danger due to alcohol consumption. To seek medical assistance, student should first call 911 and then Campus Security or the RA on Duty for their residence hall.

Students who seek the medical assistance for themselves or another person due to intoxication of alcohol will be given a measure of amnesty from the disciplinary actions typical of an alcohol violation. This amnesty only applies to the Student Code of Conduct and therefore does not protect a student from legal or police action taken by the City of Abilene, if they deem necessary. This policy does not grant amnesty for any other violations of the Student Code of Conduct, even if the policies were violated while the person in question was intoxicated.

In order to invoke amnesty, a student must contact 911, Campus Security, the RA on Duty, or another campus official prior to being discovered in possession of alcohol or publicly intoxicated. They must then meet with an assigned conduct officer and complete any and all educational or intervention measures the officer deems necessary, within the timeframe designated, which may include meeting with a counselor, addiction specialist, and/or follow-up appointments with the hearing officer.

While this policy only applies to individual students, if an organization has been found in violation of the University’s alcohol policy, then the organization’s willingness to seek medical attention for a guest may be viewed as a mitigating factor if or when sanctions are issued.

112. **Firearms and Weapons.** Possession or use of firearms, paint and/or air guns, fireworks, explosives, other weapons, or dangerous chemicals on University premises, including paint guns.

113. **Disorderly and Obscene Conduct.** Conduct which is disorderly, lewd, obscene, or indecent; breach of peace; or aiding, abetting, or procuring another person to breach the peace on University premises or at functions sponsored by, or participated in, the University; using a telephone in an annoying, obscene, mischievous or malicious manner; or the wearing of inappropriate or offensive clothing or apparel.

system.

h. Use of unauthorized wireless routers or mobile hot spots.

118. **Abuse of the Judicial System.** Abuse of the Judicial System, including but not limited to:
   a. Failure to obey the summons of a judicial body or University official.
   b. Falsification, distortion, or misrepresentation of information before a judicial body.
   c. Disruption or interference with the orderly conduct of a judicial proceeding.
   d. Institution of a judicial proceeding knowingly without cause.
   e. Attempting to discourage an individual’s proper participation in, or use of, the judicial system.
   f. Attempting to influence the impartiality of a member of a judicial body prior to, and/or during the course of, the judicial proceeding.
   g. Harassment (verbal or physical) and/or intimidation of a member of a judicial body and/or judicial system prior to, during, and/or after a judicial proceeding.

120. **Sexual Violence and/or Sexual Misconduct.** Sexual violence refers to a broad range of physical sexual acts perpetrated without a person’s consent, including where a person is incapable of giving consent due to an intellectual or other disability or to the victim’s use of drugs or alcohol. A number of different acts fall into the category of sexual violence, including rape, sexual assault, sexual battery, and sexual coercion. All such acts of sexual violence are forms of sexual harassment when they occur on campus or when students experience the continuing effects of off-campus sexual harassment in the educational setting.

121. **Stalking.** Stalking is engaging in a pattern of threatening conduct that would cause a reasonable person to fear for his or her own safety; the safety of a family member; the safety of someone the person is dating; or the safety of property belonging to any of those persons. Stalking violates the university’s code of conduct and is a felony under Texas law. Stalking may also be a form of sexual harassment when it occurs on campus or when students experience its continuing effects in the educational setting.

122. **Dating Violence.** Violence committed by a person who is or has been in a social relationship of a romantic or intimate nature with the victim; and where the existence of such a relationship shall be determined based on a consideration of the following factors: the length of the relationship, the type of relationship, and the frequency of interaction between the persons involved in the relationship.

123. **Tobacco.** Conduct which can be interpreted or is a violation of the McMurry University Smoking and Tobacco Use Policy.

Contact the Resident Director or the Resident Assistant for additional clarification on any of these policies.

201. Tampering/Unauthorized Access. Tampering with facilities, doors, locks, bathroom equipment, and/or electrical, telephone, or cable outlet boxes or wiring and/or unauthorized access to balconies, roofs, and secured areas.

202. Dangerous or Unsafe Items. Dangerous or unsafe items in the room, such as: incense or candles (burned or unburned), halogen lamps, toasters, hotpots, grills, hot plates, fryers, ovens, other cooking devices or excessive extension cords. Coffee pots and popcorn poppers are permissible.

203. Pets. Pets (excluding small fish and aquariums, and trained animals for disabilities) are not permitted in the residence halls. Emotional Support Animals (ESAs) that have not been approved by the Office of Residence Life and Office of Disability Services will be considered “pets” for purposes of this policy if found within the residence halls and/or campus apartments.

204. Street Signs. Possession of street signs, highway markers, and other official markers in the residence hall. Possession of official markers is illegal in the Texas Penal Code as well as in many city ordinances.

205. Hazardous Materials. Use of the residence hall or room to store flammables and/or repair of or storage of motorcycles or engines.

206. Cooking. Cooking in the room. All halls have kitchens and microwaves available for use by residents.

207. Guest Visitation. Failure to register or escort guest in the hall; visitation during restricted hours; and/or inappropriate or inconsiderate behavior during visitation.
a. Guest visitation is the period of time in the day that members of the opposite sex may visit you in your private room. Students are welcome to have opposite sex guests provided they follow the policy established by the University. **Visitation is from 12:00 noon – 12:00 midnight Sunday through Thursday, and 12:00 noon – 2:00am Friday and Saturday.**

b. During visitation, visitors MUST sign in at the front desk and indicate the resident(s) they wish to visit.

c. While in the identified room, the room door MUST be COMPLETELY open.

d. Visitors MUST always be escorted by the resident while in the hall.

e. Guests that are not students and are under the age of 18 are not permitted in a resident’s room unless approved by a university official or accompanied by a parent or legal guardian.

f. It is permissible to have overnight visitors of the same sex, but they MUST be signed in and not conflict with your roommate’s space and privacy. Registering your guest provides information in case of emergency or in case the person needs to be contacted. There is a seventy-two hour limit for overnight guests staying in University Housing, which includes the University Apartments. The same guest may not stay more than three (3) nights in any two week period.

g. Resident’s and guests should use sound judgment and be courteous of other residents and roommates.

208. **Room Safety.** Inadequate room safety, unsanitary conditions, or creating a safety hazard; failure to correct any problems or to cooperate with residence hall staff during room inspections.

209. **Inconsiderate Behavior.** Inconsiderate behavior and/or behavior which may be damaging to the hall or disrespectful of other residents including, but not limited to: water fights, crawling through windows, throwing items from windows, smoking or dipping inside the building or in the room, contract violations, or failing to properly dump trash in the outside dumpsters.

210. **Hall and/or Room Damage.** Excessive hall and/or room damages including, but not limited to, writing on doors and furniture, artwork on walls, bathrooms left un-cleaned, pinholes, tape marks, and other such damages. Inventory cards are to be checked thoroughly when a resident moves into or out of a room. Damages are generally billed directly to the student and taken from the hall deposit.

211. **Unauthorized Room Change/Checkout.** Room changes without permission from the Residence Hall Director or Resident Assistant. Improper checkout from a room assignment at any time.

212. **Decorations.** Any unsafe decorations. Failure to remove decorations in a timely manner. Only artificial Christmas trees are permitted. Cut greenery, such as live Christmas trees or wreaths, is prohibited in resident’s rooms.

213. **Fire Safety and Equipment in the residence halls.** Tampering with or vandalizing fire warning or fire safety equipment. This includes but is not limited to pull stations, sprinklers, smoke detectors, fire extinguishers and exit signs. Nothing should ever be hung from or attached to sprinklers or smoke detectors for any reason. In room smoke detectors should not be removed or tampered with in any way.

214. **Noise.** Excessive noise in the hall or from the room. The noise level in or near the residence halls should ALWAYS be such that residents may study or sleep (weekends included). Quiet hours are observed in and around the residence halls from **10 p.m.-10 a.m. daily.** During Finals Week, quiet hours are effective 24 hours/day. During these hours, radios, stereos, TVs, and musical instruments should be kept at a low volume. Such noises as banging doors, honking horns, yelling and screaming, bouncing balls, and screeching tires are very inconsiderate and will not be tolerated in the residential community. Any complaints of excessive noise should be first confronted resident to resident. If the noise continues the behavior should be reported to the Resident Assistant.

As usual, 24 hour “courtesy” hours are always enforced. Courtesy hour’s means that at any time during
the day a student may politely request you turn down a stereo, television, or activity to honor the academic atmosphere of the hall or to be considerate of others in the residential community.

C. Violation of Law and University Discipline

1. If a student is charged only with an off-campus violation of federal, state, or local laws, but not with any other violation of this code, disciplinary action may be taken and sanctions imposed for grave misconduct that demonstrates flagrant disregard for the University community. In such cases, no sanction may be imposed unless the student has been found guilty in a court of law or has declined to contest such charges, although not actually admitting guilt (e.g., “no contest” or “nolo contendere”).

2. University disciplinary proceedings may be instituted against a student charged with violation of a law, which is also a violation of this Student Code of Conduct. For example, if both violations result from the same factual situation, without regard to the pendency of civil litigation in court or criminal arrest and prosecution. Proceedings under this Student Code of Conduct may be carried out prior to, simultaneously with, or following civil or criminal proceedings off-campus.

3. When a student is charged by federal, state or local authorities with a violation of law, the University will not request or agree to special consideration for that individual because of his or her status as a student. If the alleged offense is also the subject of a proceeding before a judicial body under the Student Code of Conduct, however, the University may advise off-campus authorities of the existence of the Student Code of Conduct and of how such matters will be handled internally within the University community. The University will cooperate fully with law enforcement and other agencies in the enforcement of criminal law on campus and in the conditions imposed by criminal courts for the rehabilitation of student violators. Individual students and faculty members, acting in their personal capacities, remain free to interact with governmental representatives, as they deem appropriate.

General Judicial Procedures

1. Any member of the University community may file charges against any student for misconduct. Charges shall be prepared in writing and directed to the Dean of Students & Campus Life. Any charge should be submitted within five business days after the event takes place.

2. The Dean of Students & Campus Life may conduct an investigation to determine if the charges have merit and/or if they can be disposed of administratively by mutual consent of the parties involved on a basis acceptable to the Dean of Students & Campus Life. Such disposition shall be final and there shall be no subsequent proceedings or appeals. If the charges have merit and cannot be disposed of by mutual consent, or the Dean of Students & Campus Life chooses not to dispose of the case administratively by mutual consent, s/he will determine which judicial body will hear the case or suspend the investigation pending future action.
   a. Any student accused of violating the Student Code of Conduct will be summoned by the Dean of Students & Campus Life. Students will be further appraised of the process and hear the charges and summary of the evidence collected related to the charges. The student will be given the opportunity to plead responsible, not responsible, or no contest to the charges.
   b. If the plea is responsible the Dean of Students & Campus Life may immediately sanction the student. The student may be allowed to make a statement on his/her behalf about extenuating circumstances. The Dean of Students & Campus Life may also refer the case to a judicial body for sanctions.
   c. If the plea is not responsible a conduct hearing may be held to determine responsibility. The case will be referred to a judicial body and a reasonable date and time shall be set for a hearing.
   d. The Dean of Students & Campus Life will determine appropriate action if the plea is no contest. This decision is final and there is no appeal of proceeding or sanction.
   e. In incidents involving more than one accused student, the chairperson of the Dean of Students & Campus Life, at his or her discretion, may permit the adjudication concerning each student to be conducted separately.
   f. Failure to appear for a scheduled judicial hearing with the Dean of Students & Campus Life may result in an automatic plea of “no contest” and conduct of the hearing in absentia. The decision of the Dean is final
and there is no appeal of proceeding or sanction.

3. There are three judicial bodies the Dean of Students & Campus Life may refer charges to for a hearing: administrative judicial board, residence hall judicial council, and the men’s or women’s interclub council. All hearings will attempt to be educational in nature, fundamentally fair, and shall be conducted by a judicial body according to the following general guidelines:
   a. Hearings shall be conducted in private, are closed to the public and press, and will follow predetermined guidelines of the specific judicial body.
   b. Admission of any person to the hearing shall be at the discretion of the judicial body chairperson and/or the Dean of Students & Campus Life. The complainant and the accused may have a limited number of witnesses available to speak to the charges (determined by chairperson). All witnesses will be required to affirm a statement concerning the accuracy of their statements by signing the participant testimony affirmation record (1997.03).
   c. The complainant and the accused, at their own expense, may have an advisor who is a full-time faculty/staff member of the University. The complainant and the accused are responsible for presenting his or her own case and, therefore, advisors are not permitted to speak or to participate directly in any hearing before a judicial body.
   d. The complainant, the accused and the judicial body shall have the privilege of presenting witnesses, subject to questioning by the judicial body.
   e. Pertinent records, exhibits and written statements may be accepted as information for consideration by a judicial body at the discretion of the chairperson.
   f. All procedural questions are subject to the final decision of the chairperson of the judicial body.
   g. After the hearing, the judicial body shall determine (by simple majority vote if the judicial body consists of more than one person) whether the student has violated each section of the Student Code of Conduct which the student is charged with violating. The decision will be communicated to the student when reached, and written confirmation will be provided by the Dean of Students & Campus Life.
   h. The judicial body’s determination shall be made on the basis of whether it is more likely than not that the accused student violated the Student Code of Conduct.

4. There shall be a single verbatim record, such as a tape recording, of all hearings before a judicial body. The record shall be the sole property of the University. No other record is permitted.

5. Except in the case of a student charged with failing to obey the summons of a judicial body or University official, no student may be found to have violated the Student Code of Conduct solely because the student failed to appear before a judicial body. In all cases, the evidence in support of the charges shall be presented and considered.

Discrepancies from these procedures may happen and will not result in immediate dismissal of charges.

**Sanctions**

1. Other than University suspension and expulsion, disciplinary sanctions shall not be made part of the student’s permanent academic record, but shall become part of the student’s confidential conduct record. Conduct records shall be kept in the Student Affairs Office and shall be expunged five years following graduation from the University by the student.

2. The following sanctions may be imposed upon groups or organizations:
   a. Sanctions 4a through 4c listed below
   b. Deactivation (loss of all privileges, including University recognition, for a specified period of time).

3. The Judicial Body will follow predetermined guidelines in imposing sanctions. The Dean of Students & Campus Life is not limited to the sanctions recommended by members of the Judicial Body.
